Moving The Metro

A special construction update for the Omaha metro area.

NEBRASKA DEPARTMENT OF TRANSPORTATION

2023 CONSTRUCTION SEASON

The 2023 construction season has begun, and NDOT is working hard to ensure you're informed of what's going on within the Omaha metropolitan area! We realize construction can be a bit of a hassle, but we're grateful for your understanding as we strive to make these critical improvements. In the meantime, please remember to drive slowly, follow any detour directions provided, and as always: **buckle up, phone down!**

BUCKLE UP

Visit **ndot.info/mtm** to view an interactive map of construction projects for NDOT, Iowa DOT, City of Omaha, Douglas County, Sarpy County and other municipal projects.

The site also offers other project information, such as:

- Anticipated traffic impacts
- Anticipated project start and completion timeframes
- Project contacts

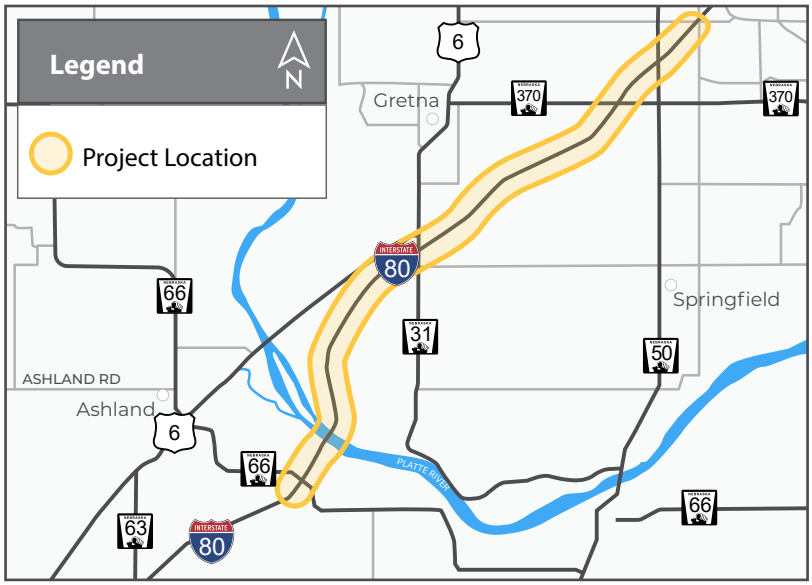
I-80, N-66 TO N-50

CONSTRUCTION START: Spring 2021

ANTICIPATED CONSTRUCTION COMPLETION: May 2023

IMPROVEMENTS: Concrete pavement repairs, joint sealing, and permanent pavement markings.

TRAFFIC IMPACTS: Traffic will be maintained with overnight lane closures between the hours of 8 p.m. and 7 a.m.



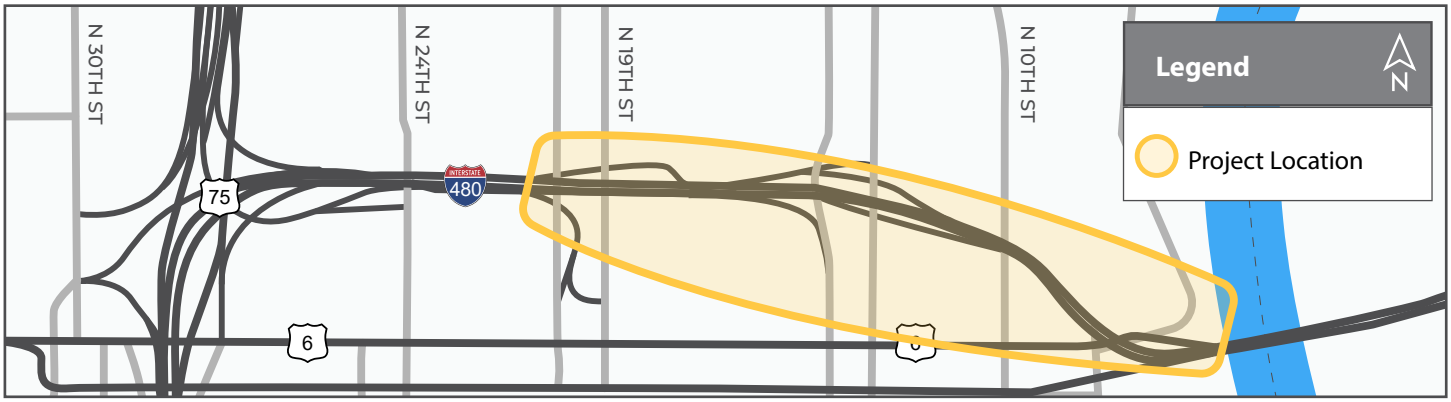
I -480 BRIDGES, 20TH ST – MISSOURI RIVER

CONSTRUCTION START: March 2021

ANTICIPATED CONSTRUCTION COMPLETION: Spring 2023

IMPROVEMENTS: Bridge repairs, new asphalt, and replacement of guide signs and guardrail.

TRAFFIC IMPACTS: This project requires on and off-ramp closures at various interchanges throughout construction. The parking lots under I-480 between 15th St and 7th St will have long-term closures between 30 to 90 days.



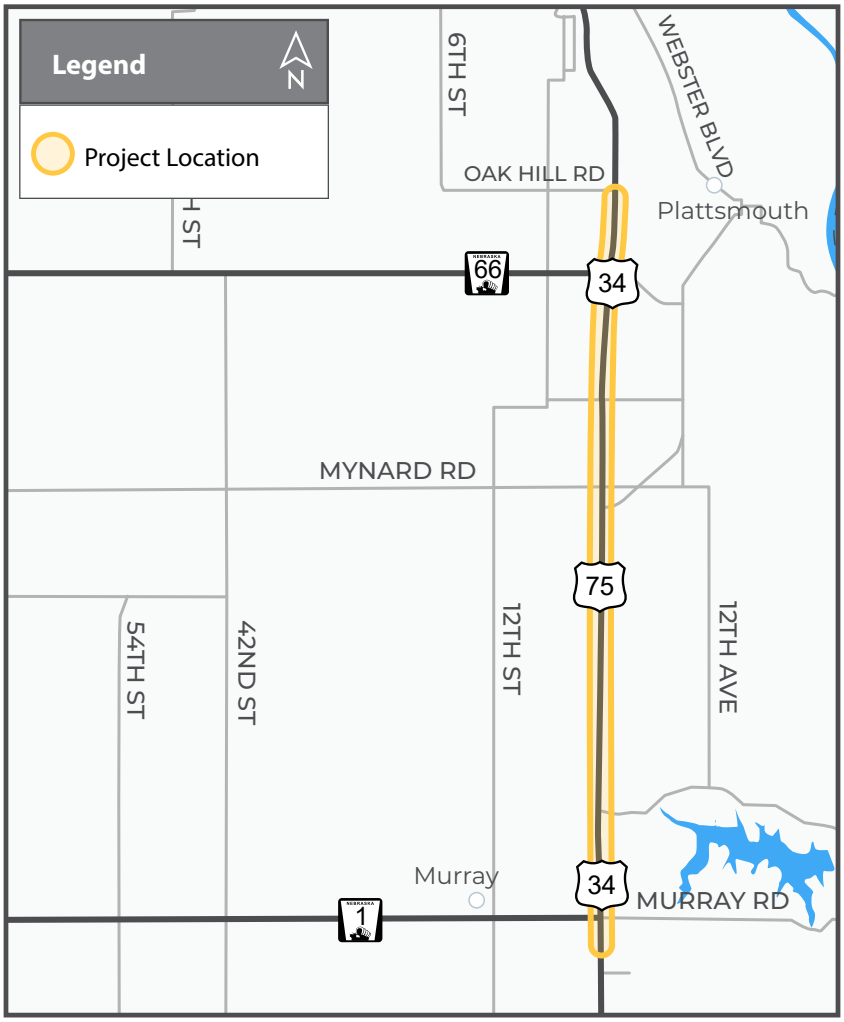
US-34/75, MURRAY TO PLATTSMOUTH

CONSTRUCTION START: July 2021

ANTICIPATED CONSTRUCTION COMPLETION: November 2023

IMPROVEMENTS: Reconstruction of US-34/75 to a four-lane divided expressway, including replacing the pavement, bridge, and guardrail.

TRAFFIC IMPACTS: In late 2022, traffic was shifted to head-to-head traffic in the newly constructed northbound lanes for southbound lanes to be constructed in 2023.



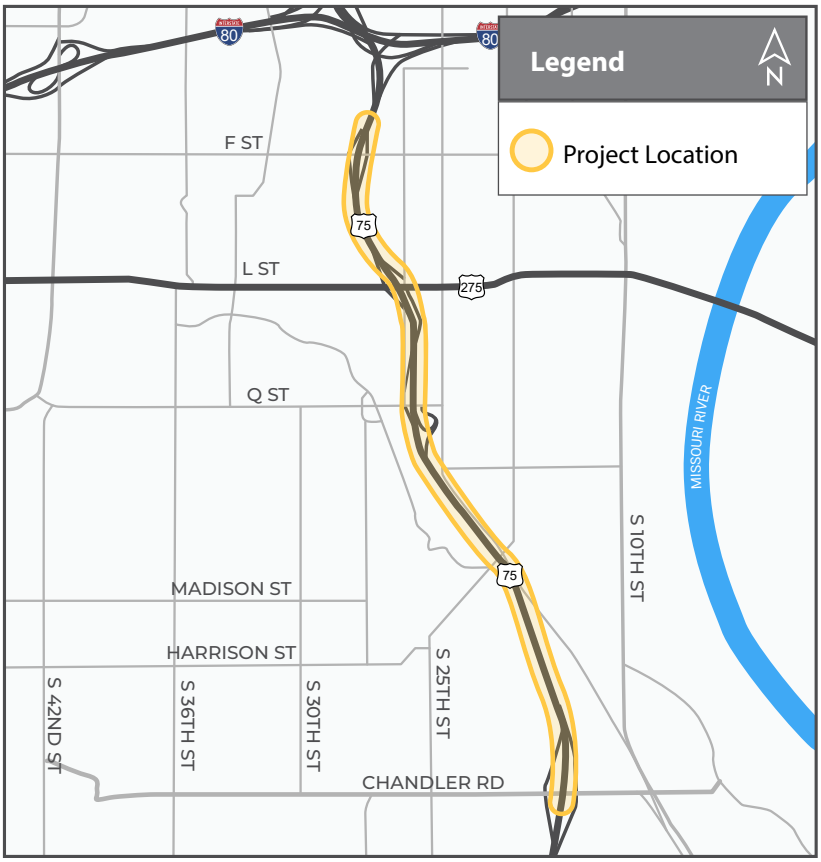
SB US-75, CHANDLER ROAD – I-480

CONSTRUCTION START: Spring 2022

ANTICIPATED CONSTRUCTION COMPLETION: Summer 2023

IMPROVEMENTS: This project consists of pavement resurfacing on southbound lanes of US-75 and bridge repairs on both the southbound and northbound lanes.

TRAFFIC IMPACTS: Traffic will be maintained with lane closures; however, intermittent ramp closures may be required.



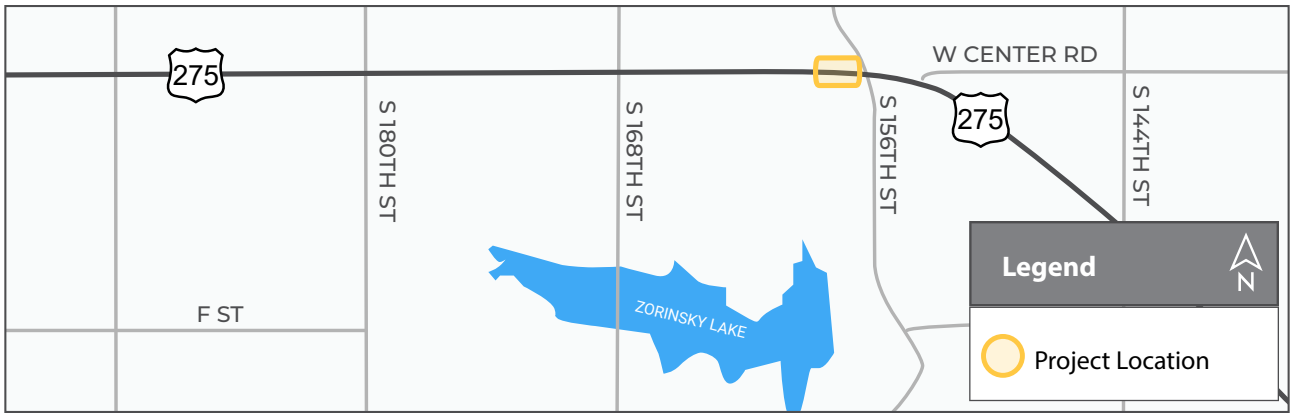
W BR PAPILLION CREEK BRIDGE, OMAHA

CONSTRUCTION START: Spring 2022

ANTICIPATED CONSTRUCTION COMPLETION: Summer 2023

IMPROVEMENTS: This project will consist of pavement resurfacing and bridge repairs on the Papillion Creek Bridge near 156th Street.

TRAFFIC IMPACTS: Traffic will be maintained with lane closures.



N-133 EAST

CONSTRUCTION START: Spring 2022

ANTICIPATED CONSTRUCTION COMPLETION: Summer 2023

IMPROVEMENTS: This project consists of pavement resurfacing and bridge repairs.

TRAFFIC IMPACTS: Traffic will be maintained with lane closures.

PARKER ST – FORT ST, OMAHA

CONSTRUCTION START: Spring 2023

ANTICIPATED CONSTRUCTION COMPLETION: Fall 2024

IMPROVEMENTS: This project consists of construction to repair and paint several structures along US-75.

TRAFFIC IMPACTS: Portions of US-75 will be temporarily closed during construction. The Hamilton St bridge detour is anticipated to be in place for up to 160 calendar days. The detour for the Parker St bridge would be in place for up to 90 calendar days. Binney St, Bristol St, and Sprague St bridge detours are anticipated to be in place for up to 70 calendar days. No closure is anticipated for Lake St or Ames St. Pedestrian access would be maintained during the Parker St, Binney St, Bristol St, and Sprague St bridge detours. An Americans with Disabilities Act (ADA) accessible shuttle would be utilized for the Hamilton St bridge detour.

The shuttle schedule includes service from 6:00 a.m. to 9:00 p.m. to accommodate area businesses and programs.

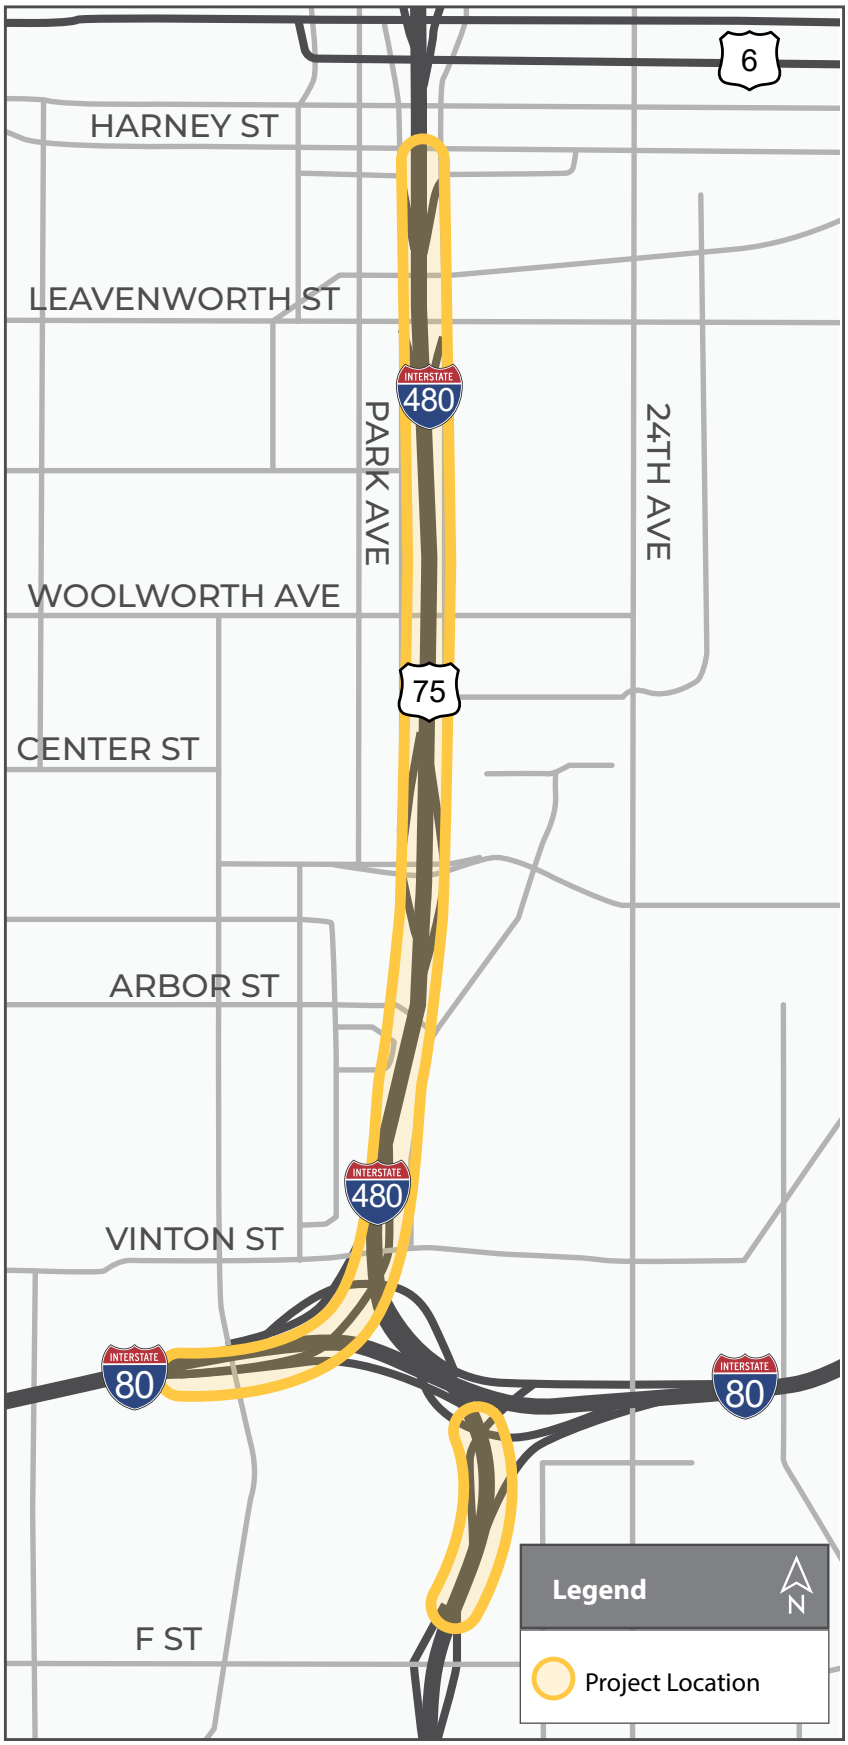
BANCROFT ST – DEWEY ST, OMAHA

CONSTRUCTION START: Fall 2023

ANTICIPATED CONSTRUCTION COMPLETION: Winter 2024

IMPROVEMENTS: This project involves asphalt crack sealing.

TRAFFIC IMPACTS: Construction will be completed overnight with intermittent temporary lane and ramp closures.



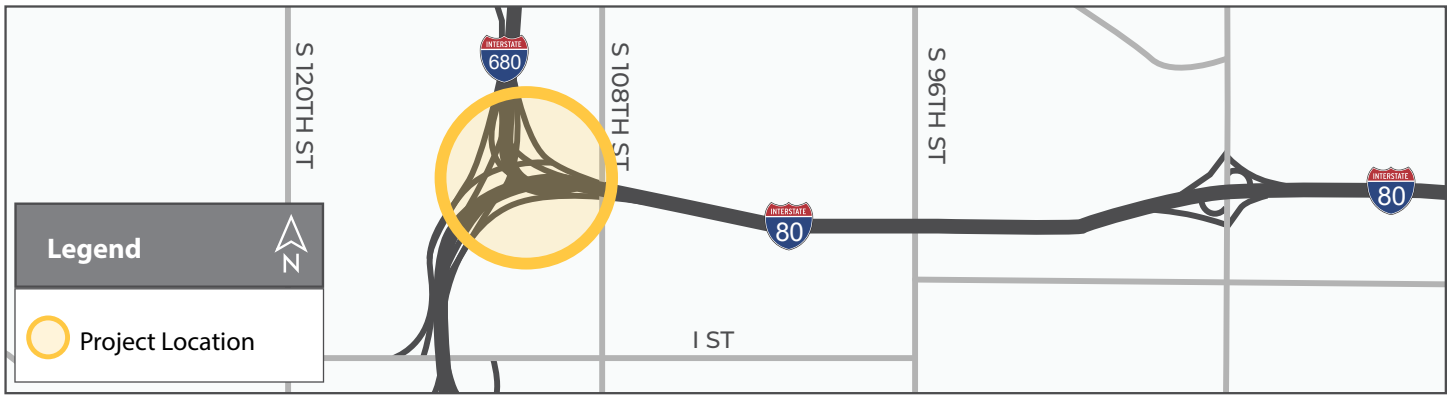
I-80 EB AT I-680 INTERCHANGE, OMAHA

Construction Start:
Summer 2023

ANTICIPATED CONSTRUCTION COMPLETION: Winter 2023

IMPROVEMENTS: This project consists of construction to install high friction surface treatment to improve safety on I-80 in Omaha.

TRAFFIC IMPACTS: Temporary nighttime closures of I-80. Traffic will be detoured to the adjacent I – L Street collector-distributor road that runs parallel to eastbound I-80.



I-80 ACCIDENT INVESTIGATION SITE, OMAHA

Construction Start:
July 2023

ANTICIPATED CONSTRUCTION COMPLETION: Fall 2023

IMPROVEMENTS: This project consists of construction on accident investigation sites on I-80 at Giles Rd, 84th St, 72nd St, 60th St and 13th St. These sites will be used for the Nebraska State Patrol to move crashes to clear the roadway and investigate the crash.

TRAFFIC IMPACTS: Near each site, lanes and shoulders will be closed intermittently.

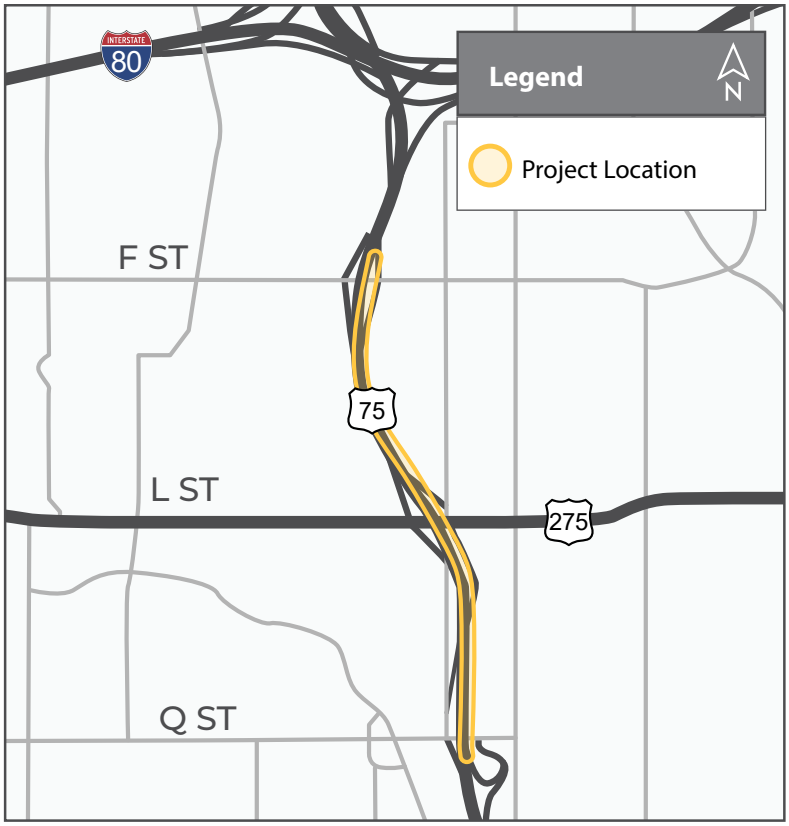
NB US-75, Q ST – F ST, OMAHA

CONSTRUCTION START: May 2023

ANTICIPATED CONSTRUCTION COMPLETION: Fall 2023

IMPROVEMENTS: Pavement repairs along northbound US-75 from Q St to F St.

TRAFFIC IMPACTS: Construction activities will occur overnight and may include phased closures of US-75.



N-370, OMAHA

CONSTRUCTION START: July 2023

ANTICIPATED CONSTRUCTION COMPLETION: Fall 2024

IMPROVEMENTS: Concrete and bridge repairs.

TRAFFIC IMPACTS: At times during construction, N-50 may be limited to single lanes in each direction for major bridge repair work. For minor bridge repair work, traffic impacts will include intermittent lane closures.

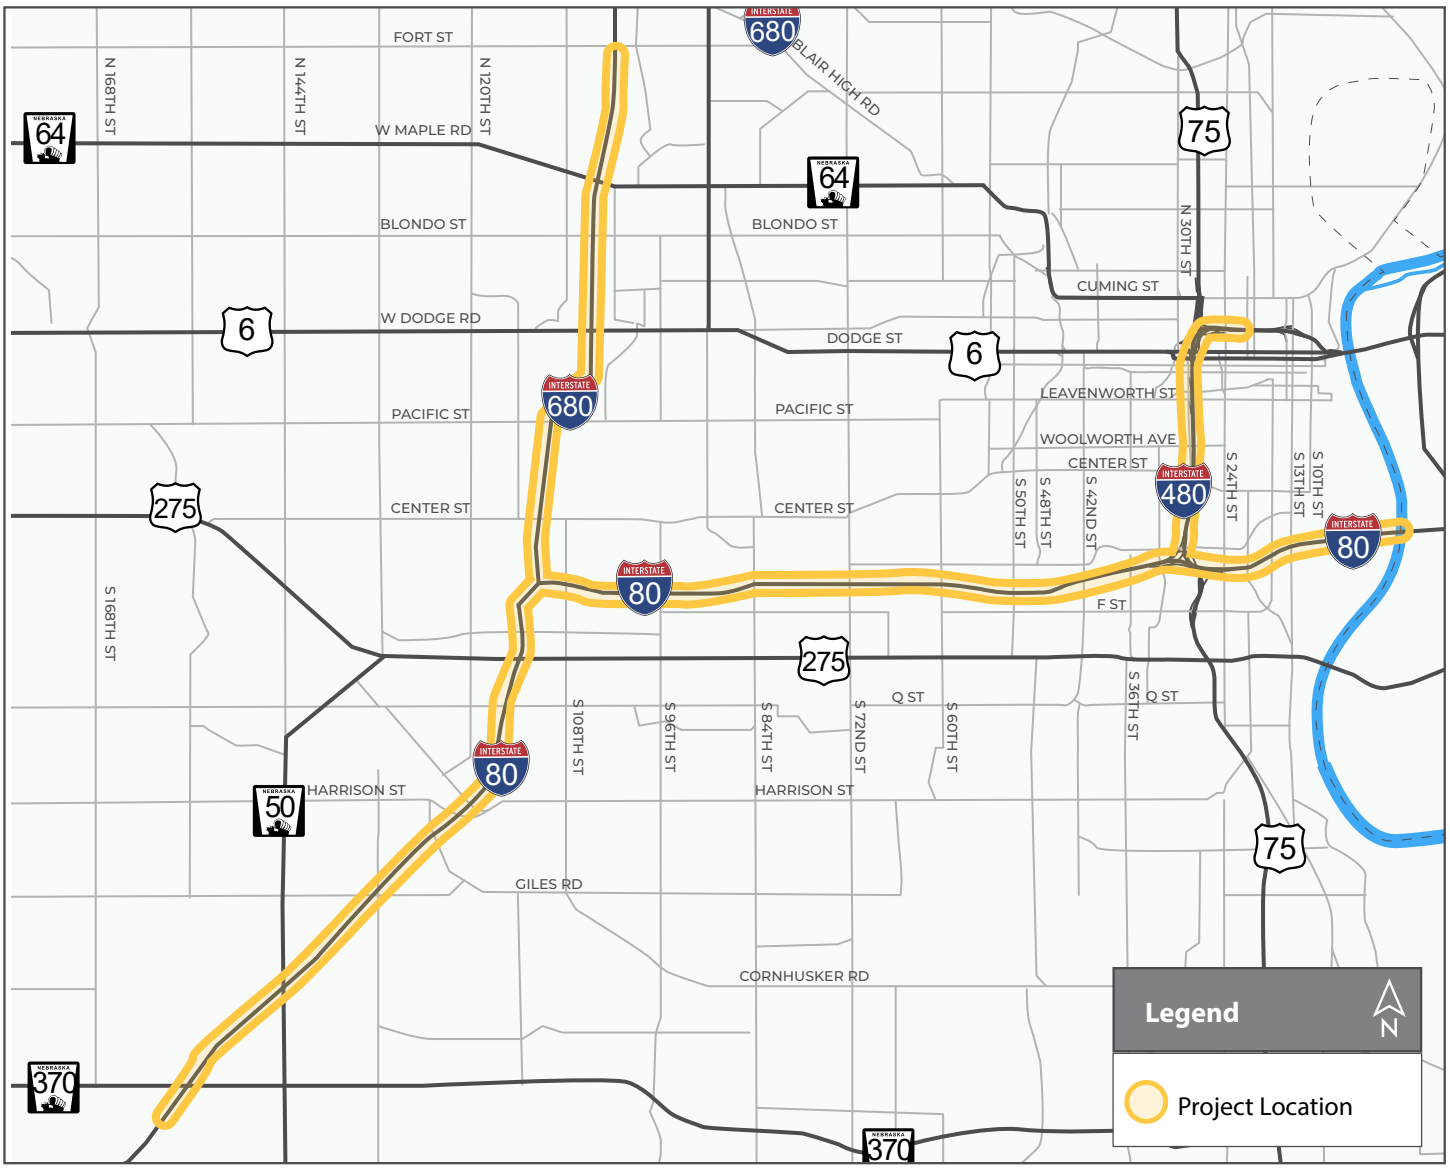
I-80/480/680 BARRIER, OMAHA

Construction Start:
July 2023

ANTICIPATED CONSTRUCTION COMPLETION: Fall 2023

IMPROVEMENTS: This project consists of sealing barriers.

TRAFFIC IMPACTS: Construction activities will occur overnight, with intermittent shoulder and lane closures.



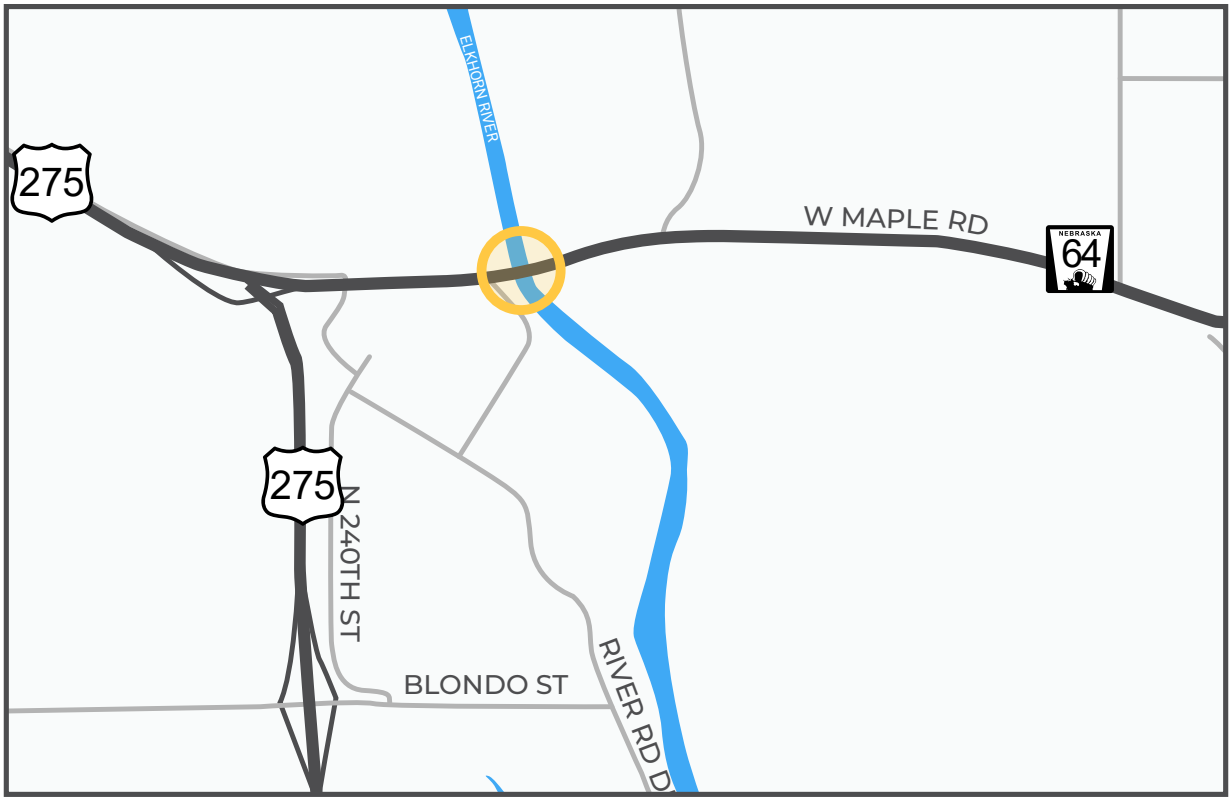
HWY 64 (MAPLE ST) ELKHORN RIVER EAST

CONSTRUCTION START: Spring 2023

ANTICIPATED CONSTRUCTION COMPLETION: Fall 2024

IMPROVEMENTS: This project consists of removing the existing pavement in the eastbound lanes and replacing it with new concrete pavement, foundation course, and prepared subgrade. Additional work would include constructing crossovers and installing temporary lighting at crossover locations. Existing surfaced drives, median breaks, and intersections would be rebuilt.

TRAFFIC IMPACTS: Mainline traffic is being maintained with median crossovers. Access to JC Robinson Blvd into Waterloo will be closed during construction.



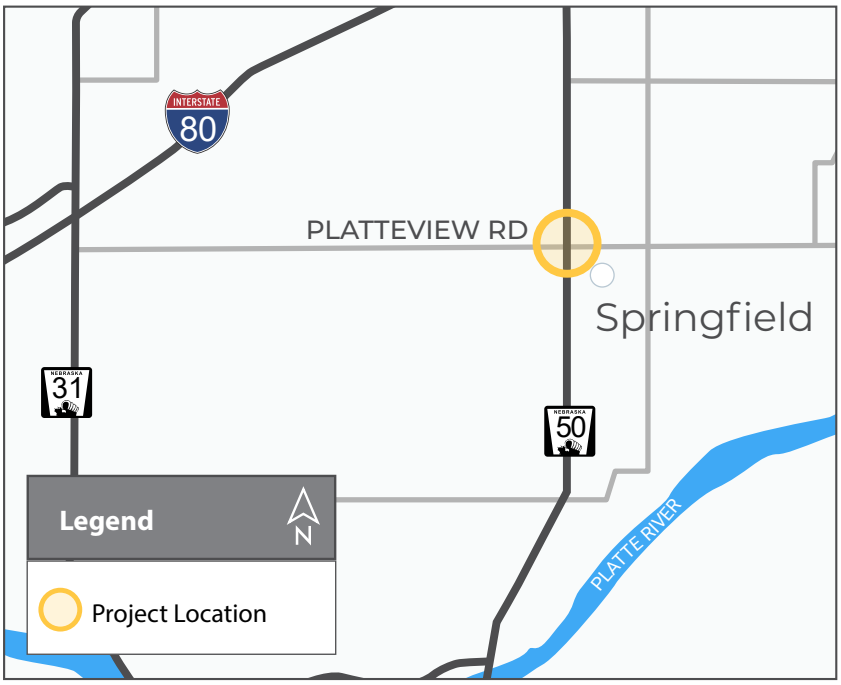
N-50/PLATTEVIEW RD, SPRINGFIELD

CONSTRUCTION START: Summer 2022

ANTICIPATED CONSTRUCTION COMPLETION: Summer 2023

IMPROVEMENTS: Construction of a traffic signal and new pavement.

TRAFFIC IMPACTS: For the remaining construction activities, traffic will be maintained with lane closures.



L28B BRIDGES, OMAHA

CONSTRUCTION START: July 2023

ANTICIPATED CONSTRUCTION COMPLETION: Fall 2023

IMPROVEMENTS: This project consists of bridge repairs, asphalt overlay, and new sign structure installation.

TRAFFIC IMPACTS: Temporary ramp closure from 228th St WB.

I-680 / US-6 BRIDGES, OMAHA

CONSTRUCTION START: Spring 2023

ANTICIPATED CONSTRUCTION COMPLETION: Fall 2023

IMPROVEMENTS: This project consists of bridge and pavement repairs and asphalt overlay.

TRAFFIC IMPACTS: Lane closures.

I-80 – FORT ST, OMAHA

CONSTRUCTION START: Spring 2023

ANTICIPATED CONSTRUCTION COMPLETION: Fall 2023

IMPROVEMENTS: This project consists of pavement repairs, joint sealing, concrete sealing, and high friction surface treatment.

TRAFFIC IMPACTS: Lane closures and temporary ramp closures.
