FOR IMMEDIATE RELEASE

Northbound and Southbound On-Ramps from Pacific to I-680 Now Open

Nov. 24, 2026 (Omaha, Neb.) — The northbound and southbound on-ramps from Pacific Street to Interstate 680 (I-680) are now open. Weather permitting, the lanes on I-680 will be returned to their original configuration and the new lanes will be opened over the next three weeks. This work will be accomplished overnight using appropriate traffic control devices and practices.

Hawkins Construction, of Omaha, is the contractor for this project. Remaining work includes installation of new cameras, seeding, roadside markers/signs, and permanent, durable striping. This work will be accomplished either off-roadway or overnight using appropriate traffic control devices and practices. The permanent, durable striping will be installed in spring 2027 when warmer, overnight temperatures return.

All of us on the project team thank you for your patience and wish you a happy and fruitful Thanksgiving holiday!

Motorists are reminded to drive cautiously in and near work zones, to buckle up, and put phones down.
