NDOT DIVISION OF AERONAUTICS | JANUARY 2023 | ACIP DATA SHEETS

## ITEM 1

NDOT Capital Improvement Program letter

## ACIP DATA SHEETS

**ABOUT:** The national Airports Capital Improvement Plan (ACIP) serves as the primary planning tool for identifying and prioritizing critical airport development and associated capital needs for your airport and the National Airspace System. It also serves as the basis for the distribution of grant funds under the AIP.

**ITEM 1:** NDOT Capital Improvement Program Letter. On November 23, 2022, letters were sent to airport sponsors regarding the FY 2024-2026 Federal AIP Grants.

This letter highlighted funding opportunities such as Federal Entitlement Funds and the Bipartisan Infrastructure Law (BIL) funds.

The letter also explained the importance of ACIP Datasheets and action items that need to be completed and returned to the NDOT Division of Aeronautics by January 27, 2023.

**ITEM 2:** Capital Improvement Plan and ACIP Data Sheets. ACIP Data sheets are required for each project requesting

federal funding. They can be completed by you, your consultant, or NDOT.

*Note: to be considered for 2024 federal funding, you need to have an ACIP data sheet for the proposed project approved by the Nebraska Aeronautics Commission (NAC) and on file with the FAA before February 15, 2023. All new ACIP data sheets should be submitted to the NDOT Division of Aeronautics by January 27, 2023, to be on the agenda for the February meeting of NAC and submitted to the FAA before the FAA deadline.*

**ITEM 3:** Action Items to be completed and sent to NDOT by January 27, 2023.

The NDOT Capital Improvement Program letter sent to the airport sponsors included the following documents that need to be reviewed and revised before returning to NDOT.

- Capital Improvement Plan
- ACIP Data Sheets
- Airport Officials List

Once revised, the documents can be submitted by standard mail or email ([anna.lannin@nebraska.gov](mailto:anna.lannin@nebraska.gov)).
