**COMPARATIVE STATEMENT OF NET ASSETS** – Financial statement that shows assets, liabilities, and net assets at month end as compared to the previous month end and the same point in time in the previous year.

### **REPORT SCOPE**

The Comparative Statement of Net Assets, page 2, presents the financial position of the Nebraska Department of Roads and includes all funds. Separate reports portray the detail operations and status of the Recreation Road, Grade Crossing, State Aid Bridge, State Highway Capital Improvement Fund and Transportation Infrastructure Bank Funds. The Department's fiscal year is for a twelve-month period from July 1 to June 30.

### **FINANCIAL STATEMENT TERMS**

During the low construction season, December through May, the monthly demand may be as low as \$15 million as compared to \$70 million during the high construction season.

**FEDERAL RECEIVABLES** – Includes: Claims Submitted - Federal participation in highway construction costs incurred to date, claimed but not received, Earned Unbilled - Federal participation in highway construction costs incurred to date - not claimed, Deferred Expense - Project expenses held in retentions that are not eligible for federal reimbursement until final payments are made.

**BUILDINGS** – Historical costs of all capital construction building costs. Includes work in progress.

#### **LIABILITIES**

**ACCOUNTS PAYABLE** - Recognized costs for which payment has not been made.

**RETENTIONS** - Parts of contract earnings for which payment is deferred pending final acceptance of the project by the Department.

**BALANCE SHEET BY FUND** – Statement of the financial position for all funds administered by the Nebraska Department of Roads.

**FUND DEFINITION**

**Roads Operations Cash Fund** = State statute 66-4,100 established this fund in order to effectively implement the provisions of the variable excise tax. This fund is the collection point for all monies which are not directed by the Legislature to other fund accounts, including all federal and local reimbursements. This fund also acts as the recipient of the state funds transferred from the Highway Cash Fund and as a focal point for most highway expenditures.

**Highway Cash Fund** = State statute 66-4,100 established this fund to receive all state revenue transferred to the Department of Roads from the Highway Trust Fund, including funds generated by the motor and diesel fuel taxes, motor vehicle registration and related fees, along with sales tax revenue from motor vehicles. These funds are then transferred to the Department's Operations Cash Fund up to the limit as established by the Legislature.

**State Highway Capital Improvement Fund** = State statute 39-2703 established this fund to receive 85% of one quarter of one percent of general fund sales tax for the period July 1, 2013 through June 30, 2033. At least twenty five percent of this fund is to be used for the construction of the expressway system and federally designated high priority corridors. The remaining money is to be used for surface transportation projects of the highest priority as determined by the Department of Roads.

**Transportation Infrastructure Bank Fund** = State statute 39-2803 established this fund to receive the additional fuel tax revenue generated by Laws 2015, LB 610 for the period July 1, 2016 through June 30, 2033 and directs the State Treasurer to transfer \$50 million from the Cash Reserve Fund. This fund is to be used for three specific programs: Accelerated State Highway Capital Improvement Program, County Bridge Match Program, and Economic Opportunity Program.

**Grade Separation Fund** = State statute 74-1320 established a 7.5¢ tax per train mile, effective April 1, 1984, levied on all train miles traveled in this state, plus a tax of \$100 annually on all public grade crossings in this state. A train mile is defined as each mile traveled by a train in this state regardless of the number of cars in such train. Quarterly payments are due on the first day of the calendar quarter. These funds are used for the construction of rail and highway grade separations.

**Grade Crossing Protection Fund** = The Grade Crossing Protection Fund is established by Statute 74-1317. State Statute 39-2215 provides for the monthly transfer of \$30,000 from the Highway Trust Fund to the Grade Crossing Protection Fund. The funds provide the state's share, or 95% of the cost of construction and installation of automatic crossing protection devices on all classes of roadways. The political subdivision is required to finance the balance of the cost, except in a county where a railroad transportation safety district has been formed, in which case the balance shall be borne entirely by the railroad transportation safety district involved. Projects are generally funded from Federal Funds, State Funds, and political subdivisions.

Any political subdivision, which eliminates a crossing by closing the street or highway, will be paid \$5,000 plus the actual costs of the closing not to exceed \$12,000 from the Grade Crossing Protection Fund. In addition, the political subdivision will be paid \$5,000 from the responsible railroad. Any political subdivision, which eliminates a crossing by removal of the rail, will be paid \$2,000 or the actual cost, not to exceed \$12,000 from the Grade Crossing Protection Fund.

**Recreation Road Fund** = The Recreation Road program established by Statute 39-1390, reflects the use of \$1.50 of each motor vehicle registration fee per Statute 60-302 for construction and maintenance (when not provided for by others) of dustless surface roads designated as State Recreation Roads.

**State Aid Bridge Fund** = The State-Aid Bridge Fund established by Statute 39-846 provides a program of state aid for the replacement of county bridges. The State-Aid-Bridge Fund receives \$64,000 per month from the Highway Trust Fund, 50% from the Department's share and 50% from the counties' share which is proportional from each county based on the lineal feet of bridges twenty feet or more in length and all overpasses in each county.

When Federal-aid Bridge Replacement funds are available, bridge replacement projects are funded from federal funds, county funds and the State-Aid Bridge Fund. After all Federal-aid Bridge Replacement funds have been utilized, funding distribution may vary based on availability of funds.

**May 2017**

The nature of revenue and expenditure trends create a cash flow situation in that during the first six months of a fiscal year expenditures are more than incoming revenue. It is therefore necessary to begin the fiscal year with a cash balance. This balance will alleviate the cash flow requirement existing from July thru December. It will also allow the Department to meet January's expenditures which will be incurred before most of January's revenue is received.

The table below reflects the variance between revenue and expenditures for the current year, in millions. \*Indicates months that include costs for three payrolls.

Department funds are programmed and obligated to meet the construction program and operating requirements. A season imbalance of receipts and expenditures causes funds to become temporarily available for investment activity, especially during the winter months.

Investments on fund balances earned \$317,450.02 in May, with an interest rate of 2.13%. The chart below reflects the interest earned and interest rate by month. The interest information as reflected here represents total interest received from all funds. The figures on page 10 represent total receipts by fund, including interest.

## FEDERAL APPORTIONMENT DEFINITIONS

**ALLOCATED/DISCRETIONARY FUNDS** = Funds allocated to states based on grants for specific purposes.

**CONGESTION MITIGATION & AIR QUALITY** = This program provides a flexible funding source to State and local governments for transportation projects and programs to help meet the requirements of the Clean Air Act. Funding is available to reduce congestion and improve air quality for areas that do not meet the National Ambient Air Quality Standards.

**EQUITY BONUS** = Provides each state with a specific share of the aggregate funding for major highway programs. Every state is guaranteed at least a specified percentage of that State's share of contributions to the Highway Account of the Highway Trust Fund.

**HIGHWAY PLANNING** = Federal-aid highway program to assist State transportation agencies in the planning and the development of the National Highway System.

**HIGHWAY SAFETY IMPROVEMENT PROGRAM (HSIP)** = The HSIP is a core Federal-aid program with the purpose of achieving a significant reduction in fatalities and serious injuries on all public roads, including non-State-owned public roads and roads on tribal lands. Funds are provided to assist in correcting or improving a hazardous road location or feature and to address a highway safety problem that is identified in the state's Strategic Highway Safety Plan (SHSP).

**METROPOLITAN PLANNING** = Funding to assist in development of transportation improvement programs, long-range transportation plans and other technical studies in the metropolitan areas.

**NATIONAL HIGHWAY FREIGHT PROGRAM (NHFP)** = The purpose, among other goals, of the National Highway Freight Program (NHFP) is to improve efficient movement of freight on the National Highway Freight Network (NHFN).

**NATIONAL HIGHWAY PERFORMANCE PROGRAM (NHPP)** = The purposes of this program is to provide support for the condition and performance of the National Highway System (NHS), to provide support for the construction of new facilities on the NHS and to ensure that investments of Federal-aid funds in highway construction are directed to support progress toward the achievement of performance targets established in a State's asset management plan for the NHS.

**RAIL-HIGHWAY – HAZARD ELIMINATION and PROTECTION DEVICES** = The purpose of this program is to achieve a significant reduction in traffic fatalities and serious injuries at all at-grade public rail highway crossings. Eligibility projects include, but not limited to, the installation of protective devices, the elimination of hazards, and grade crossing separation.

**REDISTRIBUTION** = Additional funds apportioned to states that may be used for any purpose described in section 133(b) of title 23, U.S.C.

**RESEARCH** = Funds used for an annual program established to provide a systematic investigation that provides facts, principals and collects information on a particular subject. Effective research projects are conducted to provide a safer, more efficient, and longer lasting transportation network in collaboration with public and private industry, FHWA and academia.

**SPECIAL LIMITATION & EXEMPT** = Funds that are awarded with their own obligation limitation and are not subject to the annual limitation.

**SURFACE TRANSPORTATION PROGRAM (STP)** = Federal-aid highway funding program that funds a broad range of surface transportation capital needs, including many roads, transit, sea and airport access, vanpool, bike and pedestrian facilities. This program is divided into many sub-categories by population.

**TRANSPORTATION ALTERNATIVES PROGRAM (TAP)** = Funding provided for programs and projects defined as transportation alternatives, including on and off road pedestrian and bicycle facilities, infrastructure projects for improving non-driver access to public transportation and enhanced mobility, community improvement activities and many more. The program is divided into sub-categories – flex based on population and recreational trails.

May 31, 2017**

The Build Nebraska Act (BNA) was passed into law in May 2011 (LB 84, codified as law 39-2703) with an effective period of twenty years, from July 1, 2013 through June 30, 2033. The Department was given the authority to adopt and promulgate rules and regulations to carry out this act.

REVENUE: This act designated 1/4 of 1 percent of general fund sales tax revenue to be used for state and local surface transportation projects. This revenue is distributed 85% into the State Highway Capital Improvement Fund and 15% into the Highway Allocation Fund for the cities and counties.

EXPENDITURES: The State Highway Capital Improvement Fund is administered by the Department of Roads. At least 25% is to be used for the construction of the state expressway system and federally designated high priority corridors, with the remaining funds for surface transportation projects of highest priority as determined by the Department of Roads.

## Soft Match Balance By County

As of May 31, 2017

The Soft Match bridge program permits a county to build a bridge on any county road not on the Federal-aid Secondary system and receive credit for 80% of eligible costs. The credit is used as a county's share of matching funds for a Federal-aid bridge replacement or rehabilitation project at another location.
