January 30, 2026

Mr. Michael Helgerson, Executive Director  
Omaha-Council Bluffs Metropolitan Area  
2222 Cuming Street  
Omaha, NE 68102-4328

Dear Mr. Helgerson:

SUBJECT: State Approval of MAPA's FY2026 - 2031 TIP Amendment 3

As the Governor's designee, I am providing concurrence with the MAPA FY 2026-2031 TIP Amendment 3 as approved by the MAPA Board of Directors by Resolution 2026-08 on January 22, 2026.

The Nebraska Department of Transportation finds the amendment to be part of a fiscally constrained TIP consistent with the MPO LRTP and in accordance with MAPA's public participation process as outlined in their public participation plan.

MAPA's TIP is included in Nebraska's STIP by reference. The changes found in TIP Amendment 3 will be incorporated when NDOT submits its next STIP revision to FHWA for final approval. If you have any questions, please call Jarrod Walker at 402-540-0493.

OMAHA-COUNCIL BLUFFS METROPOLITAN AREA PLANNING AGENCY

RESOLUTION NUMBER 2026 – 08

WHEREAS, the members of the Omaha-Council Bluffs Metropolitan Area Planning Agency (MAPA) have been formally designated by their respective legislative bodies to act as the official representative in planning matters of mutual concern; and

WHEREAS, MAPA is the designated Metropolitan Planning Organization (MPO) for the Omaha-Council Bluffs Transportation Management Area (TMA); and

WHEREAS, it is the responsibility of the MPO, in conjunction with the States, to certify that the transportation planning process complies with all applicable federal laws and regulations; and

WHEREAS, a fiscally constrained and prioritized Transportation Improvement Program (TIP) for intermodal planning is required by the U.S. Department of Transportation (DOT) and was developed by the MPO for the Omaha-Council Bluffs metropolitan area; and

WHEREAS, in TMAs, all projects except national highway system, interstate maintenance, and bridge projects are to be selected by the MPO in accordance with the priorities in the TIP; and

WHEREAS, the fiscal year (FY) 2026-2031 TIP, which defines the capital improvements for streets, highways, transit, enhancements, and airports for the jurisdictions in the metropolitan area for a six-year period, has been approved by the MAPA Board of Directors; and

WHEREAS, the following changes are proposed for Amendment 3 to the FY 2026 – 2031 TIP:

Revision Type	TIP ID	Lead Agency	Project Name	Description
Document Revision				Updated grouped project categories to match the 2050 MTP by removing the Air Quality and Other Discretionary groups and adding the Congestion Reduction and Gravel Road Paving groups.
Document Revision				Added the National Electric Vehicle Infrastructure (NEVI) Formula Program to the TIP as a fiscally constrained federal funding source.
Project Added - New	2026-028	City of Gretna	204th St & Schram Rd Paving	Project added to the TIP with \$5,000,000 of CDS funding programmed in FY2027 for UTIL-CON-CE.
Project Added - New	2026-029	City of Omaha	Signal Infrastructure Phase H2	Project added to the TIP with \$292,000 of CMAQ funding programmed in FY2026 for PE-NEPA-FD, \$88,000 of CMAQ funding programmed in FY2027 for PE-NEPA-FD, and \$3,844,000 of CMAQ funding programmed in FY2028 for UTIL-CON-CE.

Revision Type	TIP ID	Lead Agency	Project Name	Description
Project Added - New	2026-030	City of Omaha	Signal Operations 30th St. North and Ames Ave.	Project added to the TIP with \$186,270 of CMAQ funding programmed in FY2028 for General Planning.
Project Added - New	2026-031	City of Omaha	Signal Operations Elkhorn South	Project added to the TIP with \$186,270 of CMAQ funding programmed in FY2028 for General Planning.
Project Added - New	2026-032	City of Omaha	Signal System Master Plan 2.0	Project added to the TIP with \$400,000 of CMAQ funding programmed in FY2026 for General Planning.
Project Added - New	2026-033	NDOT	EV Station - Gretna	Project added to the TIP with \$380,000 of NEVI funding in FY2026 for UTIL-CON-CE.

; and therefore be it

RESOLVED, that the FY 2026 – 2031 Transportation Improvement Program be revised to include these changes.

RE: Amendment No. 3 to the Lincoln MPO FY 2026-2029 Transportation Improvement Program

Dear Mr. Walker:

Enclosed is a revised Resolution 2026-1 approved by the Lincoln Metropolitan Planning Organization (MPO) Officials Committee at the February 10, 2026 meeting. This resolution is for the 3rd amendment to the Lincoln MPO FY 2026-2029 Transportation Improvement Program (TIP). Exhibit A of the resolution reflects one new project in the Lancaster County Engineering program, revisions to two projects and removal of two projects in the Federal Transit Administration Section 5310/5311 program, and revisions to two projects in the Pedestrian, Bike and Trails program.

We are requesting State concurrence of this amendment for inclusion in the Nebraska Department of Transportation Statewide Transportation Improvement Program.

Please contact me if you have questions.

Sincerely,

### **Lincoln MPO Resolution: 2026-1 FOR THE PURPOSE OF ADOPTING THE TRANSPORTATION IMPROVEMENT PROGRAM AMENDMENT**

**WHEREAS**, the Lincoln Metropolitan Planning Organization (Lincoln MPO) is the designated organization responsible for undertaking the transportation planning process for the Lincoln Metropolitan Transportation Management Area (TMA), in accordance with 23 U.S.C. 134, 49 U.S.C. 5303, and 23 CFR Part 450; and

**WHEREAS**, the Lincoln MPO, pursuant to 23 CFR 450.326, adopted on May 2, 2025 a Transportation Improvement Program (TIP) for federal Fiscal Years (FY) 2026 through 2029; and

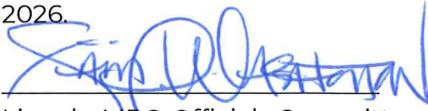

**WHEREAS**, the Lincoln MPO has prepared an amendment to the FY 2026-2029 TIP that reflects revisions to two projects and removal of two projects in the Federal Transit Administration Section 5310/5311 program, one new project in the Lancaster County Engineering program, and revisions to two projects in the Pedestrian, Bike and Trails program as identified in Exhibit A; and

**WHEREAS**, the projects included in the amendment are consistent with the currently adopted Long Range Transportation Plan, *2050 Long Range Transportation Plan*; and

**WHEREAS**, the amendment has been reviewed and recommended for adoption by the Technical Committee of the Lincoln MPO, and now requires adoption from the Officials Committee of the Lincoln MPO.

**NOW, THEREFORE, BE IT RESOLVED** that the Lincoln Metropolitan Planning Organization Officials Committee adopts the amendment to the Lincoln MPO FY 2026-2029 Transportation Improvement Program to include the revisions as shown in Exhibit A, attached hereto.

Approved by a vote of the Lincoln MPO Officials Committee and signed this 10th day of February, 2026.

## Amendment No. 3 to the FY 2026-2029 Transportation Improvement Program (TIP)

### Lancaster County Engineering Program:

[Link to TIP Program Page](#)

The following changes are proposed:

Lead Agency	Project	Project No.	Control No.	Description of Revisions
Lancaster County Engineering	Saltillo Intersection Improvements	N/A	N/A	Add new project and program federal funds. This project would create a new second phase project for improvement of Saltillo Road for construction of roundabouts at 38 <sup>th</sup> , 47 <sup>th</sup> and 65 <sup>th</sup> Streets. Proposed funding is in FY 2026 in the amounts of \$300,000 Lancaster County funds (CO) for Preliminary Engineering, Lincoln MPO Surface Transportation Block Grant funds (LC) of \$80,000 and \$20,000 CO for ROW/Utilities, and in FY 2027 \$2,400,000 LC and \$600,000 CO for Construction/Construction Engineering for a total project cost of \$3,400,000. Project miles 0.7.

**Federal Transit Administration Section 5310/5311 Program:**[Link to TIP Program Page](#)

The following changes are proposed:

<b>Lead Agency</b>	<b>Project</b>	<b>Project No.</b>	<b>Control No.</b>	<b>Description of Revisions</b>
NDOT	Madonna-Lincoln	N/A	N/A	Remove from TIP as funds have been awarded.
NDOT	Section 5310 Program: FY 2023 Allocation	N/A	N/A	Remove from TIP as funds have been awarded.
NDOT	Section 5310 Program: FY 2024 Allocation	N/A	N/A	Reprogram funds to FY 2026 and update funding amount to \$15,806 reflective of partial award.
NDOT	Section 5310 Program: FY 2025 Allocation	N/A	N/A	Reprogram funds to FY 2027 and update funding amount to \$366,076 reflective of the full year apportionment for FY 2025.

**Pedestrian, Bike and Trails Program:**[Link to TIP Program Page](#)

The following changes are proposed:

<b>Lead Agency</b>	<b>Project</b>	<b>Project No.</b>	<b>Control No.</b>	<b>Description of Revisions</b>
Lincoln Transportation and Utilities	Rock Island Trail Undercrossing at Old Cheney Road	CRP-55(197)	13581	Reprogram Construction/Construction Engineering costs from FY 2026 to FY 2027 and increase funding amounts for the same phase from \$1,162,000 Congestion Management and Air Quality (CMAQ) and \$402,800 City of Lincoln (LN) to \$2,783,200 CMAQ and \$695,800 LN. Update project description to reflect lead agency of Lincoln Transportation and Utilities instead of Lincoln Parks and Recreation.
Lincoln Parks and Recreation	Rock Island Trail Widening - A Street to Boosalis Trail	CRP-55(198)	13583	Reprogram Construction/Construction Engineering costs from FY 2026 to FY 2027 and decrease funding amounts for the same phase from \$1,830,00 CMAQ and \$457,700 LN to \$658,880 CMAQ and \$164,720 LN.

RE: FY 2026-2030 Transportation Improvement Program – Administrative Modification No. 1

Dear Mr. Walker:

Enclosed is the submittal of Administrative Modification No. 1 to the FY 2026-2030 Transportation Improvement Program (TIP) for the Grand Island Area Metropolitan Planning Organization (GIAMPO). This administrative modification updates the schedule for the Grand Island West Connector Trail project by moving the CONST/CE phase from 2027 to 2026. The schedule change to this project occurs within the first four years of the TIP, allowing it to be considered as an administrative modification.

GIAMPO's Public Participation Plan indicates that administrative modifications to the TIP do not require public review or GIAMPO Policy Board action. However, GIAMPO must demonstrate financial constraint. Administrative Modification No. 1 to the GIAMPO FY 2026-2030 TIP is financially constrained. Enclosed is the financial constraint table from the FY 2026-2030 TIP, which has been updated to reflect the administrative modification.

GIAMPO is requesting the Nebraska Department of Transportation's concurrence for Administrative Modification No. 1 to its FY 2026-2030 TIP.

Please contact me if you have questions.

Sincerely,

A handwritten signature in black ink that reads "Allan Zafft".

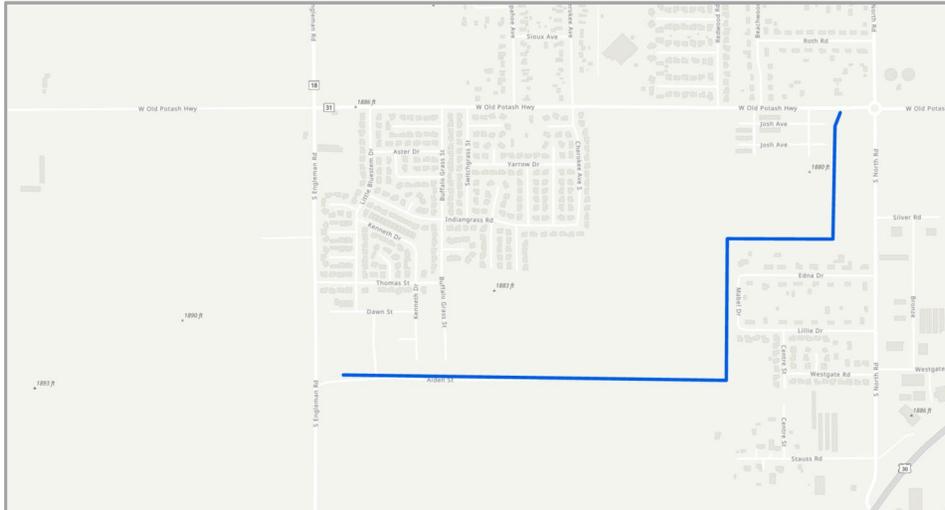

Allan Zafft, AICP  
MPO Program Manager

**Administrative Modification No. 1**

**TIP #:** 2024-004    **State ID:** 43028    **Project #:** TAP-40(70)    **Project Name:** Grand Island West Connector Trail

**Description:** Construction of a 10-foot wide multimodal trail

**HWY:** N/A

**Location:** The trail will begin near the roundabout at the intersection of Old Potash Highway and North Road, and it will continue south and west with four segments before ending near the City of Grand Island Water Tower at Engleman Road.

**Length (SLM):** 1.4

**Project Sponsor:** Grand Island

YOE	Phase	Fund Type	Fund Description	Estimate (\$1,000)
2024	PE	Federal	TA	\$261
2024	PE	Local	Grand Island	\$65
2026	ROW	Federal	TA	\$40
2026	ROW	Local	Grand Island	\$10
2026	CONST/CE	Federal	TA	\$1,199
2026	CONST/CE	Local	Grand Island	\$300
<b>Total Project Estimate</b>				<b>\$1,875</b>

**District #:** 4

**A/Q Status:** Exempt

**Administrative Modification Description:** Update the schedule. Move CONST/CE phase from 2026 to 2027.

**Notes:** YOE 2024 is not reflected in Financial Constraint Table. This project is in progress.

RE: FY 2026-2030 Transportation Improvement Program – Administrative Modification No. 2

Dear Mr. Walker:

Enclosed is the submittal of Administrative Modification No. 2 to the FY 2026-2030 Transportation Improvement Program (TIP) for the Grand Island Area Metropolitan Planning Organization (GIAMPO). Administrative Modification No. 2 changes the federal funding source for the CONST/CE phase of the Chapman West project. This change falls within the components of an administrative modification as shown in the *Guidelines for Development of the Nebraska Statewide Transportation Improvement Program (STIP)*.

GIAMPO's Public Participation Plan indicates that administrative modifications to the TIP do not require public review or GIAMPO Policy Board action. However, GIAMPO must demonstrate financial constraint. Administrative Modification No. 2 to the GIAMPO FY 2026-2030 TIP is financially constrained. Enclosed is the financial constraint table from the FY 2026-2030 TIP, which has been updated to reflect the administrative modification.

GIAMPO is requesting the Nebraska Department of Transportation's concurrence for Administrative Modification No. 2 to its FY 2026-2030 TIP.

Please contact me if you have questions.

Sincerely,

A handwritten signature in black ink that reads "Allan Zafft".

# Nebraska's Statewide Transportation Improvement Program Fiscal Years 2026–2029

Amendment 1 - October 14, 2025  
Amendment 2 - October 30, 2025  
Amendment 3 - December 9, 2025  
Amendment 4 - January 15, 2026  
Amendment 5 -- February 27, 2026

Prepared by:

Program Management  
Division September 1, 2025

Vicki Kramer—Director

**Nebraska's transportation planning process, as well as that of the four metropolitan planning areas is being carried out in accordance with all federal laws, rules and regulations.**

**Nebraska's 2026 through 2029 STIP includes the following:**

- **Financial information showing expected state highway cash revenues for the STIP period,**
- **A summary by fund category of all federal funds expected to be received and obligated by NDOT and the four MPO's during the STIP period,**
- **A detailed listing of state highway and local projects, excluding projects in the Lincoln, South Sioux City , Grand Island and Omaha MPO's. MPO projects are included by reference and are shown as a line item by funding category in the STIP,**
- **A listing of Section 5310 and 5311 transit projects,**
- **Listings of BIA and Federal Lands projects if available at the time of publication. If unavailable, these will be added by revision as they are received.**

**Additional information on the development of and details included in the STIP can be found at:**

**<https://dot.nebraska.gov/projects/publications/stip/>**

# Performance Management Inclusion in NDOT STIP

## Introduction

In November 2021, federal transportation legislation called the “Infrastructure Investment and Jobs Act,” commonly referred to as IIJA, increased federal investments for new infrastructure. These measures are in addition to those enacted by the Moving Ahead for Progress in the 21st Century Act and the Fixing America’s Surface Transportation Act (FAST Act), Public Law No. 114-94, that implemented a performance-based approach for the Statewide and Metropolitan Transportation Planning Process in 2015. Since 2017, the Nebraska DOT (NDOT) has been collecting and reporting performance data in accordance with the federal requirements. The following sections describe NDOT’s use of performance management in its processes and decision making related to STIP Development. Established measures were developed to reflect national goals which included things like safety, infrastructure condition, air quality, and transportation system performance. Since then, NDOT has been collecting and reporting performance data in accordance with the federal requirements. The following sections describe NDOT’s use of performance management in its processes and decision making related to STIP Development.

## Cooperation

NDOT has worked with its transportation partners (MPOs and transit providers) since 2016 to implement the performance measure requirements of the IIJA, MAP-21, and FAST Act. The effort has led to provisions for collecting and sharing transportation performance data, the selection of performance targets, and the reporting of performance targets pursuant to 23 C.F.R. 450.314(h).

## Project Selection Process

The STIP’s purpose is to provide for the development and integrated management of the state’s transportation systems. These systems and their performance are complex since they interact with the natural and man-made environment. To better understand the correlation between NDOT action, the environment, and various performance outcomes, NDOT engages in data collection. This data allows decision makers to assess the performance of the system. Unfortunately, data is only a reflection of a complicated interplay between NDOT decisions and the environment. As such, the NDOT leverages performance outcomes as only a part of its project selection process for the STIP. Other things that NDOT considers in its project selection process include funding, stakeholder input, project readiness, other NDOT performance metrics, and a host of additional factors. In other words, no single performance number or combination of numbers decide which projects are added to the STIP. The following paragraphs further describe how NDOT is using performance-based activities to inform its business practices and influence its planning documents for STIP development.

As mentioned previously, transportation systems are comprised of complex interactions between the user, the environment, materials, ect. Federal performance measures set forth in IIJA, MAP-21 and the FAST Act are essentially high-level reflections of what is happening; but may not be able all of what is happening. This is why NDOT also employs numerous other performance-based activities to inform its decision making and project selection.

At the ground levels of the organization, teams are measuring daily activity and reporting performance to their peers during a daily huddle. This performance data is used by the manager to assess the team's productivity and effectiveness. Ultimately, the manager's performance evaluation is tied to the performance of the team they manage.

In addition to this, NDOT continues to build and support its use of a "data warehouse". The data warehouse serves as a central point where all data collected by NDOT can be accessed for analysis and reporting. In the past, data was stored in different locations and in different formats, making it difficult to compile and analyze. NDOT's ongoing efforts to centralize and standardize data are leading to better real time management of projects and processes through the use of dashboards and other reports.

Another effort related to the formation of a data warehouse is NDOT's data analytics contract. NDOT has hired a data scientist to help study statistical correlations between actions, environment, and performance outcomes. These studies use statistical models and tools to test hypotheses against performance data. The results of these studies give NDOT a better understanding of which "inputs" have the greatest influence on a desired outcome. For example, NDOT studied which factors had the greatest influence on the number of bids we received. With this information, NDOT pinpointed the factors with the greatest influences and exploited that knowledge to attract more bids, thereby driving down contract awards. Through these types of studies, NDOT hopes to continually refine its business practices to improve project delivery and cost effectiveness.

The measurement and analysis activities described in the previous paragraphs are important since they provide quantifiable insights. However, data alone cannot sufficiently inform all aspects of decision making. This data needs to accompany various planning exercises to fully form a comprehensive decision making process. For example, planning documents such as the Strategic Highway Safety Plan, Transportation Asset Management Plan, Freight Plan, and others are informed by data and give stakeholders context from which they can set a vision, goals, and objectives. At the same time, technological changes, policy changes, and other cultural shifts may change the stakeholder's values, creating the need to reevaluate the data NDOT collects and analyzes. In the end, NDOT needs both data and the 3C planning process to continually refine the decision making related to projects selected for the STIP.

The preceding paragraphs describe how multiple inputs, including performance measures, influence the program of projects published in the STIP. It is important to explore the individual performance measures that influence NDOT's decision making. The following paragraphs describe the specific federal performance measures along with the associated NDOT targets.

## Safety

When it comes to improving safety, the NDOT uses a strategic approach that is based on available safety information for its Highway Safety Improvement Program (HSIP). In accordance with the FHWA final safety performance measure (PM1), NDOT's HSIP established safety performance measure requirements for the purposes of carrying out the HSIP and also to assess fatalities and serious injuries on all public roads. NDOT's Strategic Highway Safety Plan (SHSP) is a major component and requirement of the HSIP in accordance with 23 U.S.C. § 148. The NDOT SHSP is a statewide-coordinated safety plan that provides a comprehensive framework for reducing highway fatalities and serious injuries on all public roads. NDOT's plan identifies the most important safety needs and helps to make decisions on projects for safety concerns. NDOT's SHSP can be found at.

<https://dot.nebraska.gov/safety/shsp/>

With these things in mind, the NDOT emphasizes the selection of projects for its HSIP that address the two infrastructure-based Critical Emphasis Areas in the SHSP, Roadway Departure crashes and Intersection crashes. Projects are selected from hazardous location analysis in one of three different multi-disciplinary safety committees which oversee the HSIP. Before a project is selected accident studies, collision diagrams, and maps are examined and occasionally a field review is performed. Benefit/cost ratios are also calculated and used for project selection. Each year the selected projects go through a review and are prioritized in the HSIP Strategic Plan. These projects are then programmed in the STIP according to readiness, funding availability, and competing needs.

## Safety Targets

To meet the intent of 23 CFR 450.216 (f) (1) and future updates required in 23 CFR 450.216 (f) (2), the actual adopted Safety targets are displayed in **Table 1**.

Safety Performance Measures - 23 CFR 490 Subpart B

**Safety** performance measure targets:

- 1) Number of Fatalities
- 2) Rate of Fatalities per 100 million VMT
- 3) Number of Serious Injuries
- 4) Rate of Serious Injuries per 100 million VMT
- 5) Number of Non-Motorized Fatalities and Non-Motorized Serious Injuries

NEBRASKA HSIP PERFORMANCE MEASURES - Baseline 2024 Target Year 2026										
HSIP PERFORMANCE MEASURE	Projected 2022 2026 Actual Avg	Projected 2022-2026 Rolling Avg.	2024 Yearend Actual Values	2026 Yearend Actual Values	5-Year Rolling Average			2026 Target Achieved?	Better Than Baseline?	Met or Made Significant Progress?
					NDOT Target 2021-2026 (A)	Actual 2021-2026 (B)	Baseline 2019-2024 (C)			
Number of Fatalities	252.0	237.8	251.0		235.0 ^		235.2			
Fatality Rate	1.092	1.127	1.150		1.120 *		1.122			
Number of Serious Injuries	1,182.8	1,130.8	1,186.0		1,183.0		1,232.4			
Serious Injury Rate	5.071	5.352	5.433		5.357		5.880			
Number of Non-motorized Fatalities and Serious Injuries	151.8	102.2	139.0		113.0 ^		113.4			

\*Selected targets based on a reduction of the current increasing trend by 1%

^Selected targets based on NHTSA requirement to show constant or improved performance.

(A) Calendar Year (CY) 2026 Targets are established and reported in the August 31, 2025 HSIP Annual Report.

0.005 added to targets for fatality rate and serious injury rate to offset rounding issues in FHWA calculations.

Nebraska HSO shares 3 targets with HSIP. Nebraska HSO submits number targets rounded to the nearest integer and rate targets rounded to the nearest hundredth. The 3 shared targets have been rounded to match the Nebraska HSO method.

Baseline Year 2024

(B) Actual performance is the 5-year rolling average ending in the year for which the targets were established.

Calendar Years: 2022 Through 2026

(C) Baseline performance is the 5-year rolling average that ends prior to the year in which the targets were established. Baseline performance is calculated in order to compare whether the actual outcome was better than the baseline performance

Calendar Years: 2020 Through 2024

If a State has not met or made significant progress toward meeting its targets, the State must comply with the provisions set forth in 23 USC 148(i) for the subsequent fiscal year. The State shall:

1. Use obligation authority equal to the HSIP apportionment for the year prior to the target year, only for HSIP projects.

2. Submit an HSIP Implementation Plan that describes actions the State will take to meet or make significant progress toward meeting its targets. The HSIP Implementation Plan should guide the State's project decisions so that the combined 148(i) provisions lead to the State meeting or making significant progress toward meeting its safety performance targets in subsequent years.

If the State is determined to have not met or made significant progress toward meeting its CY targets, the State will have to use obligation authority equal to the defined HSIP apportionment year only for HSIP projects in the defined implementation year and submit an HSIP Implementation Plan for the same year.

HSIP Apport. Year	Target Calendar Year	Implementation Year
2025	2026	2029

CONFIDENTIAL INFORMATION: Federal Law, 23 U.S.C. §407, prohibits the production of this document or its contents in discovery or its use in evidence in a State or Federal Court. The State of Nebraska has not waived any privilege it may assert as provided by that law through the dissemination of this document and has not authorized further distribution of this document or its contents to anyone other than the original recipient.

## Performance Measures #2 and #3

The NDOT reviewed and in some cases adjusted its performance targets for Performance Measure 2 (Infrastructure Condition), and Performance Measure 3 (System Reliability and Freight Movement) in September 2024 for the second four-year federal reporting period. The targets support the following national goals set for the Federal-aid Highway program:

- Infrastructure condition
  - To maintain the highway infrastructure asset system in a state of good repair.
- Congestion reduction
  - To achieve a significant reduction in congestion on the National Highway System.
- System reliability
  - To improve the efficiency of the surface transportation system.
- Freight movement and economic vitality
  - To improve the National Highway Freight Network, strengthen the ability of rural communities to access national and international trade markets, and support regional economic development.
- Reduced project delivery delays
  - To reduce project costs, promote jobs and the economy, and expedite the movement of people and goods by accelerating project completion through eliminating delays in the project development and delivery process, including reducing regulatory burdens and improving agencies' work practices.

In order to monitor progress towards these goals, IIJA, MAP-21 and the FAST Act require the establishment of a number of performance measures by FHWA and the establishment of targets by state DOTs, public transit providers, and MPOs. These measures and targets are outlined in the following tables titled: *Infrastructure Condition and System Reliability and Freight Movement*. States and MPOs are required to evaluate conditions for these measures, set targets, describe how the projects included in the Statewide Transportation Improvement Program (STIP) and each MPO's Transportation Improvement Program (TIP) will help achieve progress towards the targets, and report on actual results and whether targets were met for the performance period.

## Infrastructure Condition

PERFORMANCE MEASURE	2021 BASELINE	2023 2-YEAR CONDITION / PERFORMANCE	2023 2-YEAR TARGET	2025 4-YEAR TARGET	2025 4-YEAR ADJUSTMENT
% of Pavements of the Interstate System in Good Condition	77.5%	59.3%	65%	65%	50%
% of Pavements of the Interstate System in Poor Condition	0.1%	1%	5%	5%	
% of Pavements of the Non- Interstate NHS in Good Condition	56.0%	42.9%	40%	40%	
% of Pavements of the Non- Interstate NHS in Poor Condition	2.3%	3.8%	10%	10%	
% of NHS Bridges Classified as in Good Condition	57.7%	59.5%	55%	55%	
% of NHS Bridges Classified as in Poor Condition	2.0%	2.3%	10%	10%	

## System Reliability and Freight Movement

PERFORMANCE MEASURE	2021 BASELINE	2023 2-YEAR CONDITION / PERFORMANCE	2023 2-YEAR TARGET	2025 4-YEAR TARGET	2025 4-YEAR ADJUSTMENT
% Interstate	98.8%	97.9%	98.5%	98.5%	96%
% Non-Interstate NHS	96.2%	92.4%	92.0%	92.0%	85%
TTR	1.14	1.15	1.20	1.20	1.25

At a minimum, the NDOT meets with MPOs ahead of each performance reporting period to discuss performance and associated target setting methodology to coordinate its efforts. Beyond this coordination, NDOT subject matter experts review performance periodically and hold ad hoc coordination with MPOs where necessary. These meetings describe how NDOT uses a performance-based approach to manage its pavement and bridge transportation assets. Each year, NDOT reviews the performance of its assets, and its asset management practices, in order to define clear standards, provide the best service, and report on the progress made toward reaching performance goals. This information is compiled and disseminated in NDOT's annual report found at <https://dot.nebraska.gov/news-media/annual-report/>.

Moving forward, the NDOT will continue to use state performance measures for management of assets and reporting to the annual report. In addition, the NDOT will report the following pavement indices to the FHWA to be used in determining targets and/or progress towards target achievement for national performance measures:

1. Average IRI
2. Cracking Percentage
3. Average Depth of Rutting
4. Average Height of Faulting

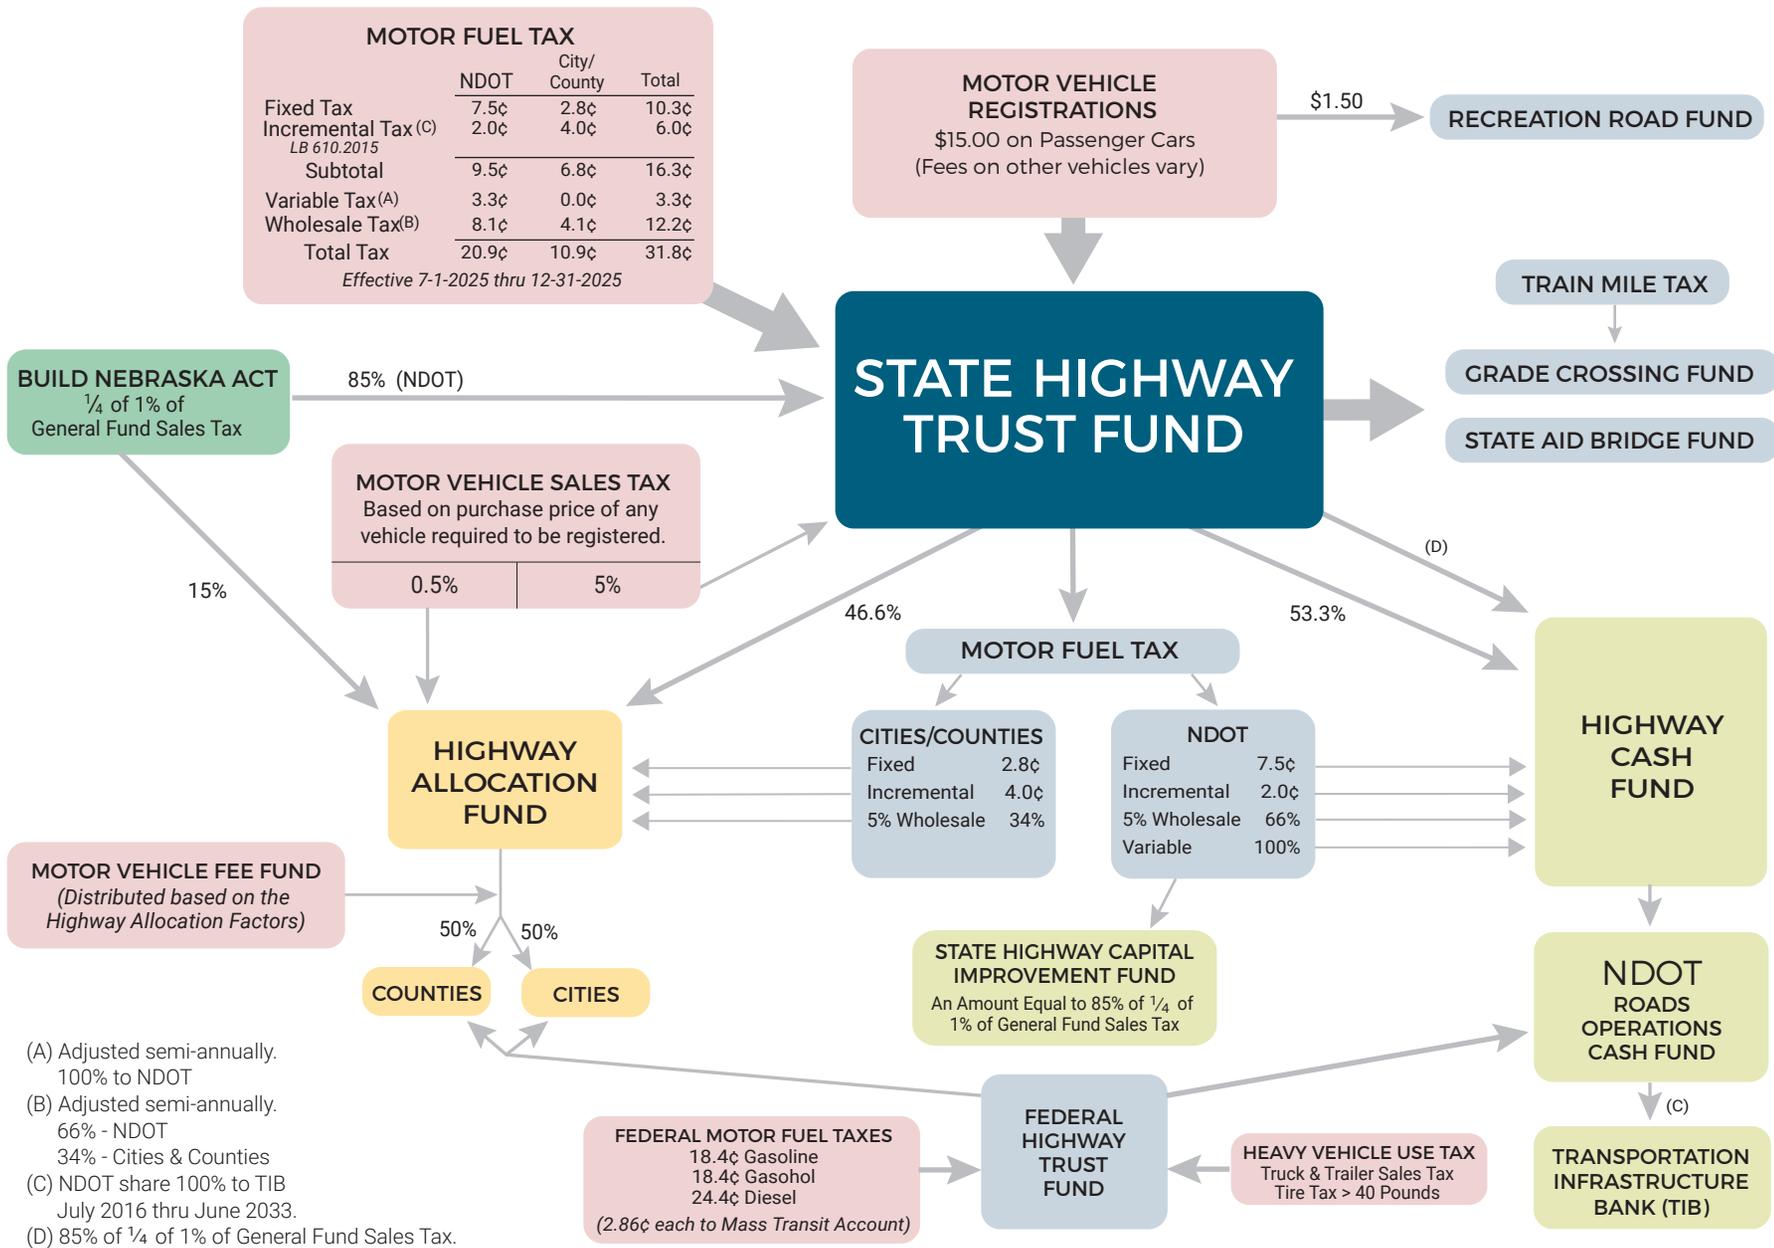

These indices will be used to determine whether a pavement section is considered Good, Fair, or Poor. The NDOT will report the following bridge indices to the FHWA to be used in determining targets and/or progress towards target achievement for national performance measures:

1. Deck rating
2. Superstructure rating
3. Substructure rating
4. Culvert rating

These indices will be used to determine whether a structure is considered Good, Fair, or Poor. In some cases, if the state does not meet its targets, there will be restrictions on how certain funding programs can be used or additional planning efforts may be required.

Several offices across the NDOT continue working together to execute the requirements for performance measures, target setting, and reporting. The performance measures and targets will be integrated directly and indirectly throughout the planning and programming process. The Nebraska DOT will also continue to coordinate with the state's public transit providers and MPOs on target setting and monitoring.

# Nebraska Transportation Financing

**STATE HIGHWAY FUNDS 2270 & 2271**  
**STATEMENT OF RECEIPTS, EXPENDITURES, and**  
**CHANGES IN FUND BALANCES**

**\$65 million transferred from NHPP to STP in FY-26; \$20 million in FY-27, FY-28, & FY-29**

### Fund Descriptions:

**NHPP - National Highway Performance Program**

**NHFP - National Highway Freight Program**

**STP - Surface Transportation Program - includes all funds allocated under this program except those allocated to Lincoln and MAPA. Also includes miscellaneous funds apportioned for use on any eligible Title 23 project; Congestion Mitigation, STP Infra, Redistributed funds, Carbon Reduction, PROTECT, etc.**

**BRI - Bridge Infrastructure Program**

**BRO - Surface Transportation Program Funds set aside for off system bridges including Highway Infra Br Off System**

**STP Lincoln - STP funds allocated for use in the Lincoln Metropolitan Planning Area**

**STP MAPA - STP funds allocated for use in the Omaha Metropolitan Planning Area**

**EM - Earmarks - Discretionary, Demonstration, Federal Lands and other funds not distributed by federal formula**

EM\* - Earmark - Grant funds are not available until Grant Award. If not awarded, alternative funds will be identified as these are priority projects for Nebraska.

**NEVI - National Electric Vehicle Infrastructure Program**

### *Grouped Project Categories:*

**TAP - Transportation Alternatives**

**Minor SFTY - Safety projects that are not regionally significant**

**RTP - Rec Trails Program**

SFTY - Highway Safety Improvement Program (includes Rail Safety)
