Please name your interview slides ***firm name_RFQ-2508 Interview.pdf***.

Presentation Focus: The panel will be well versed in the organizational structure and technical responses provided in the Statement of Qualification for this RFQ. NDOT asks that you not focus a lot of time presenting on those areas unless there have been changes you want to highlight. Instead, NDOT suggests the interview contains information such as the following:

- Staff Management over the duration of the project.
- Drainage design restrictions in the area and what ideas could be implemented.
- Access Management: Creative solutions for access within the corridor.
- Approach to the environmental challenges.
- Each firm should be prepared to answer a variety of Committee questions at the conclusion of their prepared presentation.
