

Nebraska Department of Transportation
Qualifications for Subcontract Work (NDOT Project)
 (Does not apply to material suppliers)

These are the requirements that a potential subcontractor must meet when a prime contractor submits a subcontract request.

Insurance Coverage --- See Current Special Provisions posted on the NDOT Website

Insurance coverage must include Worker's Compensation, General Liability, Umbrella, Pollution Liability (*when identified in the plans or proposal*), and Automobile Liability. The certificate of insurance furnished to the Department must contain the following statement: **"General liability coverage is provided by a standard form Commercial General Liability Policy (CG 0001 or equivalent). The policy does not contain a total or absolute pollution exclusion."** The Worker's Compensation must be effective in Nebraska in the amount of \$500,000; General Liability and Pollution Liability must be at least \$1,000,000/\$2,000,000; and Umbrella and Automobile Liability must be at least \$1,000,000. See *Standard Specifications* and Contract Special Provisions for additional details regarding required coverage and waivers of subrogation (must be stated or marked on the certificate).

Owner/Operator truckers are only required to have Automobile Liability. (*This reduced coverage applies only to a driver who is the owner of the truck and does not apply to anyone else, including any family members.*)

The State of Nebraska Department of Transportation shall be named as an additional insured on a primary and non-contributory basis, including completed operations for three (3) years after final acceptance and payment.

The policy needs to show the Nebraska Department of Transportation as the certificate holder. Please show it this way on the certificate of insurance form.
