FOR IMMEDIATE RELEASE

Meeting Scheduled for Upcoming Improvement Project in Holdrege

February 5, 2018 (McCook, Neb.) — The Nebraska Department of Transportation, Holdrege Area Chamber of Commerce and Phelps County Development Corporation will be holding a public information meeting on Thursday, February 8, 5:30 p.m. - 6:30 p.m., regarding the upcoming improvement of US-6/34 in Holdrege. The meeting will be held at Taste of Texas, 304 East Ave, in Holdrege.

This project will reconstruct 0.71 miles of US-6/34, beginning just west of the junction of US-6/34 and US-183 and continue east through downtown Holdrege to just west of Garfield Street.

The improvements on this project will consist of removing the existing pavement and replacing it with doweled concrete pavement. The project also includes replacement or installation of storm sewer, waterlines, sidewalks, curb ramps, lighting, traffic signals, and permanent pavement markings.

Construction will begin in early spring of 2018 with completion in late 2018. The proposed project requires detouring US-6/34 traffic. A designated detour will utilize US-183, Eighteenth Avenue and Brewster Road.
