Bridge Deck Inspection on I-80 East of Mahoney State Park on Platte River Bridge

March 19, 2018 (Lincoln, Neb.) — Weather permitting, a bridge deck inspection will begin March 21 on I-80 east of the Mahoney State Park on the Platte River Bridge at 9:00 a.m., according to the Nebraska Department of Transportation (NDOT).

The NDOT Bridge Division will be doing a bridge deck inspection at Reference Post 427 just east of Mahoney State Park on the Platte River Bridge. The work is anticipated to take one day. The outside lanes in both directions will be closed first. After that, those lanes will be open and then the two inside lanes in both directions will be closed. Message boards and arrow boards will be used to direct traffic. Motorists should expect to see delays and are reminded to drive cautiously through highway work zones.
