FOR IMMEDIATE RELEASE

Work to Begin on US-136, Red Cloud West

February 3, 2020 (Grand Island, Neb.) — Weather permitting, work will begin today on US-136 from Reference Post 64.29 to Reference Post 75.22, according to the Nebraska Department of Transportation.

Werner Construction Inc., of Hastings, Nebraska, has the \$10,995,111 contract, which consists of grading, removing and replacing three bridges, culvert repair/replacement and asphalt resurfacing.

Bridge construction and some culvert repair is expected to be completed in fall 2020. At the bridge and culvert locations, temporary traffic signals will be used to maintain one lane traffic. While the bridge repairs are being performed, the speed will be reduced to 35 mph.

US-136 will be closed between County Road 100 and County Road 200 for approximately 35 days between the months of June – August. During this closure, traffic will be detoured to N-4.

The remaining work will be completed in 2021.

Motorists should expect to see delays and are reminded to drive cautiously through construction zones.
