GENERAL

In accordance with Nebraska Consultants' Competitive Negotiation Act ([Neb. Rev. Stat. §81-1702](#)), the Brooks Act ([40 USC 1101](#)), and [23 CFR 172.5](#), the State of Nebraska, Department of Transportation (NDOT), is issuing a Request for Qualifications (RFQ) for Transportation Systems Maintenance & Operations Strategic Plan. Qualified consultants are invited to submit a statement of qualifications as outlined below. NDOT's website referred to in this document is located at:

<http://www.dot.nebraska.gov/business-center/consultant/>

All consultants interested in providing professional services for NDOT are strongly encouraged to review NDOT's template [Standard Professional Services Agreement](#), [Sample Fees and Payments Exhibit](#), and [Insurance Requirements for Professional Service Providers](#) prior to responding to this RFQ. By submitting a statement of qualifications in response to this RFQ, Consultant, and all subconsultants, agree to meet the substantive requirements of these documents. These documents can be found on NDOT's website. An agreement will not be executed unless consultant provides a current overhead schedule and proof of meeting the insurance requirements in the form of an [Insurance ACORD](#). Further information regarding insurance, including a [checklist](#) to assist in submitting an acceptable certificate, can be found at <https://dot.nebraska.gov/business-center/consultant/insurance/>.

This RFQ does not commit NDOT to award a contract, to pay any costs incurred in the preparation of a response to this request, or to procure or contract for services. NDOT reserves the right to award contracts to more than one qualified consultant, to accept or reject any or all responses received as a result of this request, to negotiate with any qualified consultant or to modify or cancel in part or in its entirety the RFQ, if it is in the best interest of NDOT to do so.

In accordance with Nebraska Revised Statute [84-712](#) et.seq., Nebraska Public Records Act, documents provided to NDOT are public records subject to disclosure unless consultant requests in writing that documents must be kept confidential and can demonstrate that such records are confidential under federal or state law.

SCOPE OF SERVICES

Standard Work Categories anticipated on this project are:

300 Transportation Systems Maintenance and Operations

Information regarding the [Standard Work Categories](#) can be found on NDOT's website.

The NDOT is seeking a professional consulting firm to provide TSMO Strategic Plan to guide activities for the next 10 years. NDOT has completed or is near completion on initiatives set within the NDOT ITS Strategic Plan published 2014. These deployments have already proven valuable for NDOT's focus on Mobility. Continued guidance is required to maintain a level of service expected by stakeholders.

The following will be considered:

- This plan will lay out Strategic, Programmatic, and Tactical aspects of TSMO in Nebraska.
- The TSMO Strategic Plan will be guided by stakeholder input; the stakeholder needs will be prioritized.
- Will not be deployment project-specific.
- Will coincide with NDOT Long Range Transportation Planning activities. Results will be an annex to LRTP. TSMO plan is anticipated to be completed before LRTP.
- Performance measures consistent with NDOT goals.
- Maintenance of our growing ITS network of devices.
- Guidance on TSMO activities specifically related to changing freight based needs.
