FOR IMMEDIATE RELEASE

Maintenance Work Will Begin on N-10 near Minden

July 13, 2020 (McCook, Neb.) — Weather permitting, a cold milling project will begin July 16 on N-10, according to the Nebraska Department of Transportation. Cold milling is a process of removing deteriorated asphalt in preparation of placing a chip seal to improve the roadway surface and drivability.

State maintenance forces will be performing the cold milling and chip seal from Reference Post 36.05 to Reference Post 45.59, north of Minden. The cold milling work is anticipated to take approximately 10 days. The chip seal will be performed in August. One-lane traffic will occur with the use of a pilot car and flaggers.

Motorists are reminded to drive cautiously in and near work zones and to buckle up.
