Details: WebEx interview will include a 10-minute prepared presentation (firm may share screen/ control presentation) followed by 5 minutes of Q&A. Instructions and additional interview information will be emailed to each firm prior to the interview.

Please email interview presentation slides in PDF format to NDOT.pdRFQinfo@nebraska.gov by 8:00 a.m. on Friday, April 1, 2022. Please name your interview slides ***firm name_RFQ-2202 Interview.pdf***.

Presentation Focus: The panel will be well versed in the organizational structure and technical responses provided in the Statement of Qualification for this RFQ. NDOT asks that you not focus a lot of time presenting on those areas unless there have been changes you want to highlight. Instead, NDOT suggests the interview contains information such as the following:

- Experience and approach to Subsurface Utility Engineering (SUE), expected to be utilized on key multi-service projects.
- Detail the firm's current and future ability to deliver large projects with critical delivery dates, while maintaining a sound quality control (QC) program.
- Each firm should be prepared to answer a wide variety of Committee questions at the conclusion of their prepared presentation.
