Presentation Focus: The panel will be well versed in the organizational structure and technical responses provided in the Statement of Qualification for this RFQ. NDOT asks that you not focus a lot of time presenting on those areas unless there have been changes you want to highlight. Instead, NDOT suggests the interview contains information such as the following:

- In what ways do you measure success in your public outreach activities?
- What is your current QA/QC process? How does this process ensure your services will meet NDOT's needs and expectations?
- Being familiar with the current NDOT public involvement processes; what new techniques or ideas, if any, would you like to implement given the opportunity? Same for NDOT Communications (e.g., social media, safety and winter weather messaging)?
- Your thoughts on future directions and trends involving public outreach and DOT communications.
- Each firm should be prepared to answer a wide variety of Committee questions at the conclusion of their prepared presentation.
