FOR IMMEDIATE RELEASE

Crossover Work for Preparation for 23rd Street Reconstruction Project Next Spring Started November 14

November 16, 2022 (Norfolk, Neb.) — Construction began November 14 on the east crossover in preparation for the next phase of the reconstruction project on 23rd Street in Columbus.

Drivers should expect lane closures to both westbound and eastbound traffic between East 6th and East 11th Avenue to just east of East 14th Avenue on 23rd Street.

Work includes drainage work, grading, and placement of concrete to construct a crossover. Anticipated completion is November 30, 2022.

Project information available on the NDOT website at: ndot.info/32234

Motorists are reminded to drive cautiously in and near work zones, to buckle up, and put phones down.
