November 21, 2022

Statements of Qualifications are due **Friday, December 2, 2022, 1:00 P.M.**

***Questions regarding RFQ-2207, Decatur Bridge Improvement Project***

1. What level of involvement will Iowa DOT have in this project?

Iowa will be involved in the project and have a member on the selection committee.

2. This NDOT RFQ does not specify a page size/format. Will this submittal have any such requirements? Will the use of one or more 11" x 17" pages be allowed? **Two 11x17 pages are allowed**

3. Has any coordination with Iowa-based agencies occurred yet? (Iowa SHPO, Iowa Office of the Archeologist, Tribes)

NDOT has not started the project, therefore no coordination has occurred

4. Does NDOT anticipate USACE-Omaha or other agencies to serve as cooperating/participating agencies for the EA/EIS? –

This would be determined during initial phases of the project. There will be a need for 404 permitting.
