# Request for Qualifications

Professional Services for Construction  
Engineering and Inspection (CE&I) for  
Decatur - Macy, STP-75-3(118), CN 32139

January 20, 2023

**Statements of Qualifications are due Wednesday, February 1, 2023, 1:00 P.M.**

## Question

What are the specific expectations of a consultant in relation to testing services? Specifically, what are the consultants asphalt testing responsibilities and what are the State's testing responsibilities? Will the State lab conduct the required testing on samples, cores, etc or is that something the hired consultant would be tasked with handling?

## Response

The consultant would be responsible for collecting all samples and delivering them to the NDOT branch lab in Norfolk.

Vicki Kramer, Director  
Nebraska Department of Transportation
