| 4. Describe Method of Marking and / or Lighting: |

Presently there are no markings for this met tower that was installed in the Spring of 2008. We will comply with the new marking standards in LB 1048 in the allotted time frame.

Wind measurement towers in Nebraska exceeding a height of 50' outside the boundaries of any incorporated city or village are required to be registered with the Nebraska Department of Aeronautics.

A separate permit is also required from the Nebraska Department of Aeronautics before erecting / building any structure exceeding 150 feet above the surface of the ground at the point of installation, unless erected under the authority of a license or permit issued by a federal agency. See Nebraska Revised Statutes§3-401 et. Seq.
