Request for Qualifications

Professional Services for Roadway Improvement Projects

March, 2019

Statements of Qualifications are due **Wednesday, March 27, 2018, 4:00 P.M.**

GENERAL

In accordance with Nebraska Consultants' Competitive Negotiation Act ([Neb. Rev. Stat. §81-1702](#)), the Brooks Act ([40 USC 1101](#)), and [23 CFR 172.5](#), the State of Nebraska, Department of Transportation (NDOT), is issuing a Request for Qualifications (RFQ) for Roadway Improvement Projects. Qualified consultants are invited to submit a statement of qualifications as outlined below. NDOT's website referred to in this document is located at: <http://www.dot.nebraska.gov/business-center/consultant/>

All consultants interested in providing professional services for NDOT are strongly encouraged to review NDOT's template [Standard Professional Services Agreement](#), [Sample Fees and Payments Exhibit](#), and [Insurance Requirements for Professional Service Providers](#) prior to responding to this RFQ. By submitting a statement of qualifications in response to this RFQ, Consultant, and all subconsultants, agree to meet the substantive requirements of these documents. These documents can be found on NDOT's website. An agreement will not be executed unless consultant provides a current overhead schedule and proof of meeting the insurance requirements in the form of an [Insurance ACORD](#).

NDOT is seeking a statement of qualifications from consultants who wish to be considered to provide these services.

This RFQ does not commit NDOT to award a contract, to pay any costs incurred in the preparation of a response to this request, or to procure or contract for services. NDOT reserves the right to award contracts to more than one qualified consultant, to accept or reject any or all responses received as a result of this request, to negotiate with any qualified consultant or to modify or cancel in part or in its entirety the RFQ, if it is in the best interest of NDOT to do so.

In accordance with Nebraska Revised Statute [84-712](#) et.seq., Nebraska Public Records Act, documents provided to NDOT are public records subject to disclosure unless consultant requests in writing that documents must be kept confidential and can demonstrate that such records are confidential under federal or state law.

SCOPE OF SERVICES

Standard Work Categories anticipated on these projects are:

- 101A Environmental Studies
- 105 Highway Design – Major
- 106 Highway Design – Minor
- 107 Bridge Design

- 202 Engineering Survey
- 204 Land Surveying
- 207 Geological Studies
- 209 Hydraulic and Hydrologic Studies
- 210 Right of Way Design (includes land ownership research, ROW plans, legal descriptions / plats)
- 210 ROW Design
- 211 Public Involvement

Information regarding the [Standard Work Categories](#) can be found on NDOT's website.

A. OVERVIEW:

NDOT has developed a list of 24 projects scheduled for completion over the next few years. These projects vary in complexity/duration and are detailed in the accompanying project list (Attachment A). The project list provides a description of the project, approximate schedule, and the range of services anticipated for each project. Not all projects will require services from all of the Standard Work Categories listed above.

Instead of developing a scope of service for each project individually, NDOT is attaching the basic scopes of services for each type of service needed, utilizing the project list to specify which services are likely needed for each project. All scopes of services identified below are provided in Attachment B.

B. SCOPE OF SERVICES

The scope of services for each project may include:

1. Environmental Services (Attachment B1)
2. Roadway Design (Attachment B2)
3. Bridge Design (Attachment B3)
4. Hydraulics (Bridge and Roadway) (Attachment B4)
5. Right-of-Way (Attachment B5)
6. Survey (Attachment B6)
7. Traffic Engineering Study and Design (Attachment B7)
8. Public Involvement (Attachment B8)

C. SCHEDULE (IF APPLICABLE):

The currently planned fiscal year for construction is provided for each project in Attachment A. A more refined schedule will be developed during the detailed scoping and negotiation for each project.

DETAILS

It is anticipated that eight (8) consultant teams will be selected for this work. Project assignments will follow and will be based on the consultant's project interests, qualification and

experience in necessary standard work categories, and equity. The payment method for the contracts may be Cost Plus Fixed Fee, Specific Rates of Compensation, or Lump Sum.

A minimum of ten (10) consultants will be short-listed for interviews. The evaluation criteria to be used for the short-listing and final selection is outlined below.

NDOT reserves the right to abandon or terminate any contract at any time and either re-advertise services or utilize its own forces. NDOT also reserves the right to accomplish services for future phases on all projects with the selected consultant, select another consultant, or utilize its own forces.

NDOT will not hold a briefing. All information is contained within this RFQ and on NDOT's website. If additional information is deemed necessary, it will be posted on the same web page as this RFQ and will be labeled as an update. Consultants interested in this RFQ are responsible for checking for updated information.

Interested consultants must have a current [NDOT Form 497, "Architect, Engineer, and Related Services Certification Form"](#) on file with NDOT prior to the deadline identified in the Schedule of Activities. If necessary, a completed NDOT Form 497 should be submitted to: NDOT.PDAnnualCertification@nebraska.gov. Interested consultants must currently be certified in Standard Work Category 101A; NEPA Studies to provide NEPA services for NDOT on the projects listed in this RFQ requiring environmental services.

Please submit your Drug-Free Workplace Policy (DF Policy) separate from the response to this RFQ ([DF Policy Example](#)). The DF Policy is a one-time submittal to NDOT. Please do not re-submit unless your DF Policy has changed or you never have previously submitted a DF Policy. While the DF Policy is not a submittal requirement, all consultants must have an acceptable DF Policy on file prior to the deadline identified in the Schedule of Activities. If necessary, the consultant's DF Policy may be submitted via email to: NDOT.PDAnnualCertification@nebraska.gov

Please do not call or write NDOT staff for information regarding the services in this RFQ. Email all inquiries/questions to Randy Eldorado, Consultant Services Engineer, at: randy.eldorado@nebraska.gov or call (402) 479-4778.

EVALUATION CRITERIA - It is not the NDOT's intent for consultants to 'site-visit' any project or focus attention on individual projects from the project list during the interview.
