FOR IMMEDIATE RELEASE

Nebraska Department of Transportation Awards Emergency Repair Contract for Highway 39 South of Genoa

May 16, 2019 (Lincoln, Neb.) — The Nebraska Department of Transportation (NDOT) awarded the \$2,961,400 contract to Simon Contractor's branch office North Platte, Nebraska, to begin immediate replacement of the overflow bridge for the Loup River on Highway 39, south of Genoa, which was heavily damaged in the recent flood.

Work is anticipated to begin around June 1 and will include bridge replacement. The contractor will install a single lane 'shoofly' with a traffic signal to allow traffic to move through the construction zone temporarily while the bridge is being replaced. Anticipated completion of the project is end of 2019.

Motorists are reminded to use caution driving through construction zones and to expect delays.
