RE: **Project No.:**               **3805(5)**  
Project Name:               156<sup>th</sup> ST IN BENNINGTON  
Control No.:               22233  
**BID DEADLINE:**           **7/12/19**

The State of Nebraska, Department of Transportation is requesting proposals to provide acquisition services on the above-mentioned project. Enclosed is a set of right of way plans and a copy of our Acquisition Consultant Specifications to aid you in preparation of your proposal.

#### **PROJECT SUMMARY**

Number of tracts appraised	27
Less tracts with duplicate owners	0
Less tracts to be acquired by NDOT	0
Plus signs	0
Total Number of Tracts to Bid	27
Suggested Start Date	7/22/2019
Suggested Completion Date	10/4/2019
Project Letting Date	12/12/2019

Our method of awarding the contract for each project takes into account several other criteria, besides just the low bid.

On page one of the Specifications you will see six items for you to address in your proposal. The more detailed your responses, the easier for our selection committee to evaluate your potential performance and availability. Barring the need for more detailed responses, or other extenuating circumstances, the selection committee will determine which proposal is most advantageous to our program.

Our suggested dates for starting and completing the project are the dates that serve us best. We will look at your individual availability as part of our evaluation process, possibly changing our schedule to fit yours.
