FOR IMMEDIATE RELEASE

US-275 Waterloo Viaduct – Extended Lane Closures

July 3, 2019 (Omaha, Neb.) — There will be extended lane closures on eastbound and westbound US-275 at the Waterloo Viaduct beginning Monday, July 8 for approximately 2 months, according to the Nebraska Department of Transportation.

Venture Construction Inc. is the contractor on this project. These extended lane closures are necessary for the placement of a high friction overlay to the roadway surface.

Motorists are urged to drive cautiously through construction zones, selected alternate routes and to expect delays.
