FOR IMMEDIATE RELEASE

Maintenance Work on N-8 Near DuBois

July 22, 2019 (Lincoln, Neb.) — Weather permitting, a chip seal project will begin July 29 on N-8, according to the Nebraska Department of Transportation. Chip seal is an application of an asphalt binder to a roadway surface followed by an aggregate.

State maintenance forces will be performing a chip seal from Reference Post 123.39 to Reference Post 128.52, one mile north of DuBois going east. The work is anticipated to take two days. One-lane traffic will occur with the use of a pilot car and flaggers. Motorists should expect to see delays and are reminded to drive cautiously through highway work zones.
