FOR IMMEDIATE RELEASE

Maintenance Work on N-15 Near Octavia

July 22, 2019 (Lincoln, Neb.) — Weather permitting, a fog seal project will begin July 30 on N-15, according to the Nebraska Department of Transportation. Fog seal is oil sprayed onto the surface of a newer road to seal the fine cracks.

State maintenance forces will be performing a fog seal from Reference Post 98 to Reference Post 105, south and north of Octavia. The work is anticipated to take two days. One-lane traffic will occur with the use of a pilot car and flaggers. Motorists should expect to see delays and are reminded to drive cautiously through highway work zones.
