FOR IMMEDIATE RELEASE

Work to Begin on S-34D Pickrell Spur Bridge

August 5, 2019 (Lincoln, Neb.) — Weather permitting, work to begin the week of August 12 on the S-34D Pickrell Spur Bridge, Reference Post 0+38, according to the Department of Transportation.

Van Kirk Sand & Gravel, Inc., of Sutton, Nebraska has the \$809,613 contract. Work includes removing existing bridge, building a triple concrete box culvert, doweled concrete pavement, replacing culvert pipes and seeding.

During construction, the bridge will remain in place when building the box culvert. Traffic signals and a temporary roadway will permit traffic to enter and leave Pickrell during the removal of the bridge after the box culvert is completed. The project is anticipated to be completed by late fall 2019.

Motorists are reminded to drive cautiously in and near construction zones and to expect delays.
