FOR IMMEDIATE RELEASE

Maintenance Work on S-15A Near Imperial

August 12, 2019 (McCook, Neb.) — Weather permitting, a cold milling and armor coating project will begin August 14 on S-15A, according to the Nebraska Department of Transportation. Cold milling is a process of removing deteriorated asphalt in preparation of placing an armor coat to improve the roadway surface and drivability.

State maintenance forces will be performing the cold milling and armor coating from Reference Post 0.00 to Reference Post 6.70, Imperial to Champion. The work is anticipated to take five days. One-lane traffic will occur with the use of a pilot car and flaggers. Motorists should expect to see delays and are reminded to drive cautiously through highway work zones.
