FOR IMMEDIATE RELEASE

Highway 35, Hubbard Area, Closure in Near Future

August 23, 2019 (Lincoln, Neb.) — Today, the Nebraska Department of Transportation (NDOT) announced recent developments will result in the closure of Highway 35, in Hubbard area, in the near future to complete construction.

During the rehabilitation of the 11-mile segment of Highway 35, it was discovered that the original plan to modify a box culvert would not suffice. NDOT will replace the box culvert with a new, larger one. These repairs will require the roadway to be closed for an extended period of time. Highway 35 remains open until work on the new box culvert can begin.

Once project start date, length of closure and detour information is available, NDOT will update the community.
