**Central Headquarters Bldg., Rm. 103**  
**1500 Hwy 2, Lincoln, Nebraska**

The Nebraska Department of Transportation (NDOT) has commenced rulemaking and will hold a public hearing concerning revisions to the following regulations:

- **407 NAC 2 - Contested Cases:** This regulation governs the Department's procedure for contested cases. NDOT is proposing to revise this existing regulation to update the language. The proposed revisions will 1) eliminate the currently out-of-date language and adopt the Attorney General's Model Rule for Contested Cases (53 NAC 4) by reference, and 2) Include the two statutory boards NDOT oversees (Nebraska Board of Examiners for County Highway and City Street Superintendents and the Nebraska Board of Public Roads Classifications and Standards). This proposed revision will allow the two Boards to repeal their out-of-date regulations on Contested Cases, which is included in this rulemaking.
- **411 NAC 1 - Manual on Uniform Traffic Control Devices:** This regulation provides for a uniform system of traffic control devices throughout Nebraska that match national standards for traffic control through the adoption of the Federal Highway Administration's (FHWA) "Manual on Uniform Traffic Control Devices" (MUTCD). The MUTCD provides traffic control guidance for all roads open to public traffic.

The MUTCD is periodically updated by FHWA. The proposed regulation changes will update Title 411 to match the current MUTCD revision.

NDOT will also be adopting an updated Nebraska Supplement to the MUTCD. Federal regulation allows state DOTs to create a supplemental manual containing state-specific sign and control device standards.

- **415 NAC 2 - Nebraska Transportation Public Assistance Program:** This regulation governs funding distribution and defines eligible recipients and sub-recipients of state and federal funds for transportation services in Nebraska.

The regulation covers NDOT, and any municipality or non-profit organization that applies and is eligible for funding assistance.

In addition to revising the previous three regulations, NDOT is proposing to repeal the following regulations:

- **17 NAC 8 - Promotion of Aviation:** NDOT is proposing the repeal of this unnecessary regulation. NDOT is an avid promoter of aviation in the state of Nebraska. However, this regulation neither regulates nor sets any parameters for the promotion of aviation and is thus, unnecessary. The repeal of this regulation was supported by the passage of LB 190 (2019).
- **17 NAC 9 - Rental of Aircraft:** NDOT is proposing the repeal of this unnecessary regulation. NDOT's Aeronautics Division is not an expert in the liability or insurance fields and should not have a duty or need to oversee, review, or file aircraft renters' liability notices and acknowledgements. The repeal of this regulation was supported by the passage of LB 190 (2019).
- **411 NAC 2 - School Bus Loading Area Signs:** NDOT is proposing to repeal this regulation. The regulation, formerly mandated by §60-6,176, required NDOT to adopt a regulation with specifications for a single sign to be erected in school bus loading areas. That statute was repealed by LB 190 (2019) and NDOT has determined that the sign specifications can be incorporated into the Nebraska Supplement to the Federal Manual on Uniform Traffic Control Devices which is adopted pursuant to regulation 411 NAC 1 rendering this regulation unnecessary.
- **425 NAC 1 - Hearing Practice and Procedure of the Board of Examiners for County Highway and City Street Superintendents and Hearing Practice and Procedure for Contested Cases:** This regulation is being proposed for repeal. NDOT has chosen to include the Board in its update of 407 NAC 2, which is also included in this rulemaking, rendering this regulation duplicative and unnecessary.
- **428 NAC 5 - Hearing Practice and Procedure of the Board of Public Roads Classifications and Standards:** This regulation is being proposed for repeal. NDOT has chosen to include the Board in its update of 407 NAC 2, which is also included in this rulemaking, rendering this regulation duplicative and unnecessary.

Interested persons are invited to attend the public hearing. Comments and recommendations may be presented orally or in writing at the hearing. They may also be mailed, faxed, or e-mailed prior to the hearing or until the close of the public comment period (November 15, 2019). Pre-hearing and post-hearing comments should be directed in writing to NDOT's Public Involvement Manager, Sarah Soula, P.O. Box 94759, Lincoln, Nebraska 68509-4759; sarah.soula@nebraska.gov; voice telephone 402-479-4871, TDD telephone 402-479-3834, fax 402-479-3989. Comments may also be posted online through the Secretary of State's website (see below).
