## FOR IMMEDIATE RELEASE

### NDOT Announces the 4<sup>th</sup> Round of the County Bridge Match Program

October 11, 2019 (Lincoln, Neb.) — The Nebraska Department of Transportation (NDOT) has announced a fourth round and Request for Proposals (RFP) for the County Bridge Match Program (CBMP). The program was created as a result of the 2016 Transportation Innovation Act (TIA), and provides funding to counties for the innovative replacement and repair of deficient county bridges.

Round four will distribute \$4 million to counties. The first three rounds have provided \$12 million to replace or repair 200 bridges on county roads. The CBMP funds 55 percent of the bridge construction costs, and the counties provide a 45 percent match.

This is a competitive program and applications must be submitted to NDOT prior to the close of business on December 6, 2019. Counties selected for funding will be notified on January 17, 2020 and will enter into an agreement with NDOT. Bridges selected in round four must be constructed by December 31, 2023. Additional information regarding selection criteria and the application process may be found on the NDOT website at: <http://dot.nebraska.gov/projects/tia/bridge-match/>.
