Request for Qualifications

Professional Services for Gage County Clatonia-Dewitt Transportation and Safety – CN 13662, PN DPS-3305(11)

November 5, 2026

COMING SOON

Within the next month, NDOT intends to publish a new Request for Qualifications (RFQ) for:

The Clatonia–DeWitt Road corridor is located in rural Gage County, Nebraska, extending from east of State Highway 103 near DeWitt east along West Chestnut Road to SW 100th Road, then north toward Clatonia and State Highway 41. The project identifies approximately eight miles of pavement reconstruction and three bridge replacements.

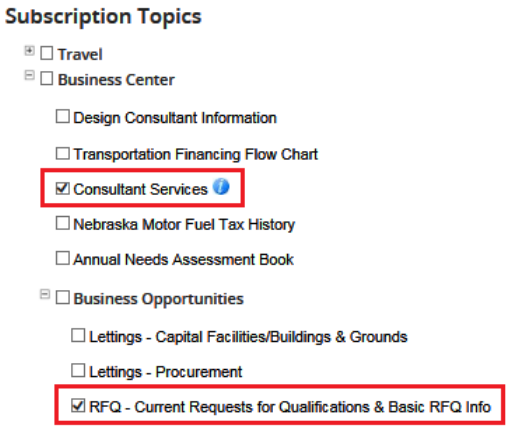

The Project's purpose is to improve safety, bridge condition, roadway durability, freight capability, and reliable access for rural residents, agricultural traffic, businesses, medical providers, and other users. The proposed improvements are intended to improve roadway and shoulder width, replace aging bridge structures, and improve connectivity among rural communities and essential services.

As a reminder, interested consultants must be certified by NDOT or have submitted a certification form to NDOT prior to submitting a Statement of Qualifications. Instructions for completing the electronic NDOT Annual Consultant Certification form is available at: https://dot.nebraska.gov/business-center/consultant/consultant-certification/

NDOT is actively working to finalize this upcoming RFQ publication. **Please do not call or write NDOT staff for information regarding the contents of this upcoming RFQ.**
