FOR IMMEDIATE RELEASE

## State's Long Range Transportation Plan Available for Comment

The draft "Vision 2032," Nebraska's new long-range transportation plan, will be available for public comment from March 28th to May 11th at:

<http://www.roads.ne.gov/lrtp/vision2032/comments.htm>.

From the start, the Vision 2032 development process focused on strengthening partnerships between NDOR, various transportation modes, metropolitan planning organizations, local public agencies, and others for a collaborative and comprehensive approach to transportation planning and implementation. The transportation planning process required extensive outreach to citizens, elected officials, and transportation agency representatives. The variety of input provides a critical element in the efforts to update and shape the plan's long term goals, objectives and strategies.

For a hard copy of the draft transportation plan, call (402)479-4512 or email [maryjo.oie@nebraska.gov](mailto:maryjo.oie@nebraska.gov).

Vision 2032 is a twenty year plan establishing goals, objectives and strategies to address transportation challenges and opportunities throughout Nebraska.
