RE: Questions and Answers for Invitation to Bid Number 123299 Z5, Fuel Supply and Delivery to Districts 1, 6 and 8 to be opened October 24, 2025, at 2:00 p.m..

The following are the questions submitted, and answers provided for the above mentioned Invitation to Bid. The questions and answers are to be considered as part of the ITB.

Solicitation Section Reference	ITB Page Number	Question	Answers
		1. Who can our insurance company contact with questions about the insurance requirements?	The PCO, Dana Smith at dana.smith@nebraska.gov
		2. If the state changes the tax rate (which they can do quarterly), can we change our pricing to reflect the change?	Yes, a request for increase can be submitted based on the state tax rate increase. There must be proof of increase included with the submittal.
		3. We are concerned about the pricing of #1 diesel off of the daily DTN. This product can be volatile. Sometimes we have to get this product from other locations, sometimes out of state. We may have a large quantity on hand which may not make it profitable for us if there is a major price swing, which has happened quite often in the past.	Understood.

This addendum will become part of the proposal and should be acknowledged with the Invitation to Bid.
