

## NOTICE OF HIGHWAY IMPROVEMENT PROJECT

# N-35 – US-20

## STP-HSIP-110-4(101); C.N. 32355

Identified as **N-35 – US-20**, the proposed project would improve approximately 2.24 miles of Nebraska Highway 110 (N-110) in Dakota County.

The proposed project would begin at approximately mile marker (MM) 0.02, at the junction of N-110 and Nebraska Highway 35 (N-35), and extend north to approximately MM 2.26, at the junction of N-110 and U.S. Highway 20 (US-20). Construction may begin and/or end approximately 500 feet ahead of or beyond the actual project limits to accommodate transitioning the pavement.

The purpose of this project is to preserve the transportation asset, improve the reliability of the transportation system and perpetuate the mobility of the traveling public. The need for the proposed project is based on the current condition of the roadway.

Proposed improvements would consist of pavement replacement, concrete repairs, culvert work, resurfacing the roadway with asphalt, mailbox turnouts, and rumble strips.

The proposed project would require the acquisition of additional property rights, which could include new right-of-way (ROW), control of access (CA), permanent easements (PE), and/or temporary easements (TE). If your property is impacted by this project, you will be contacted by a representative once the design footprint has been established. Access to adjacent properties would be maintained during construction but may be limited at times due to traffic phasing

requirements. Wetland and/or other water resource impacts are anticipated; no mitigation would be required.

A majority of the project would be completed under traffic with lane closures controlled by appropriate traffic control devices and practices; however, a portion of N-110 would be temporarily closed due to pavement repairs. A designated detour would be provided utilizing US-20, U.S. Highway 75 (US-75), and N-35.

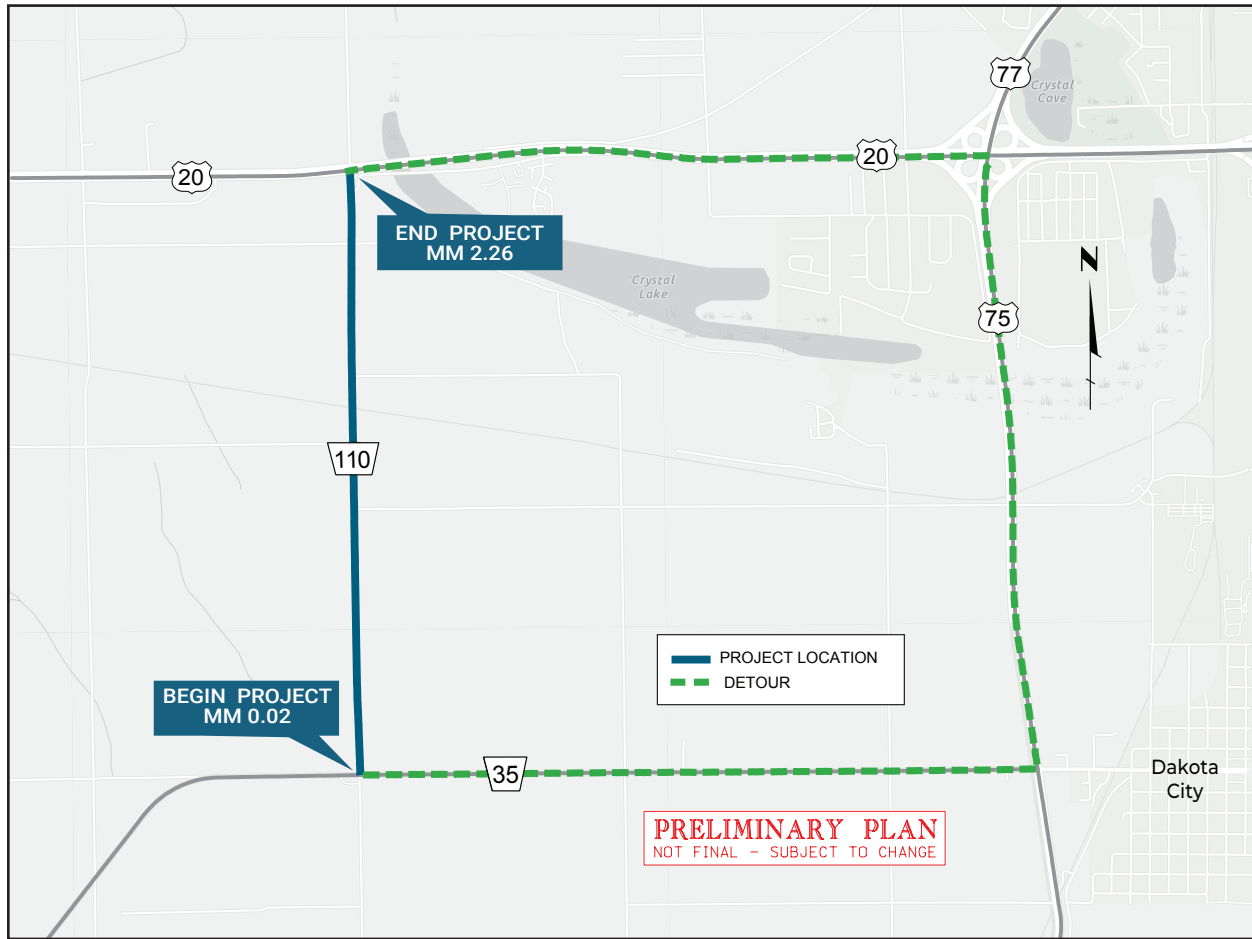

Construction may begin as early as summer of 2026 and be completed in late fall of 2026.

NDOT has worked to develop this project to minimize inconvenience and hardships. We are dedicated to improving Nebraska's highway system, and with your help, we can achieve this goal.

Any questions or comments regarding this project should be submitted to: Sarah Fisher, Public Involvement Specialist, Nebraska Department of Transportation, P.O. Box 94759, Lincoln, NE 68509-4759; [sarah.fisher@nebraska.gov](mailto:sarah.fisher@nebraska.gov); voice telephone 402-479-3832, fax 402-479-3989.

Information regarding the proposed project will be made available on the NDOT website at [ndot.info/32355](http://ndot.info/32355). For those without internet access, information may be obtained through the contact above or at NDOT Headquarters, 1500 Nebraska Parkway, Lincoln, NE. For further information, contact Kevin Domogalla, NDOT District 3 Engineer, 402-370-3470, [kevin.domogalla@nebraska.gov](mailto:kevin.domogalla@nebraska.gov).
