FOR IMMEDIATE RELEASE

NDOT to host public information open house May 5 for Mead – US-6/N-31 Project

April 21, 2026 (Lincoln, Neb.) —The Nebraska Department of Transportation (NDOT) will hold a public information open house meeting regarding proposed improvements to U.S. Highway 275 (US-275) and Nebraska Highway 92 (N-92) in Saunders and Douglas counties. The meeting will be held in an open house format with no formal presentation.

Tuesday, May 5, 2026; 5:00 – 7:00 PM
Yutan Veterans Country Club, 1581 Yutan Rd, Yutan, NE 68073

Identified as Mead – US-6/N-31, the proposed project would expand the existing two-lane highway to a four-lane highway along three highway segments. The proposed segment of N-92 would start just east of the U.S. Highway 77 (US-77)/N-92 junction and extend east to the N-92/US-275 junction. The proposed segment of US-275 would start approximately one mile north of the US-275/Nebraska Link 28E (L-28E) junction and extend south and east to the US-275/U.S. Highway 6 (US-6) junction. The segment of L-28E would start at the L-28E/US-275 junction and extend south and west to the L-28E/N-92 junction.

The purpose of the project is to preserve the transportation asset, improve the reliability of the transportation system, and perpetuate the mobility of the traveling public. The project is needed due to insufficient roadway capacity, deteriorating pavement conditions, and inadequate bridge conditions. Construction could begin as early as 2032 depending on available funding and may occur over multiple construction packages.

Details regarding the project will be provided at the meeting and personnel from NDOT will be available to answer questions, receive comments, and discuss any aspect of the project. For those unable to attend, additional information on the project, as well as all meeting materials, will be available on the NDOT website at ndot.info/13552 after the meeting. Feedback and comments on the project can be submitted on the NDOT website now through May 20, 2026.
