Please email interview presentation slides in PDF format to NDOT.pdRFQinfo@nebraska.gov by 12:30pm on Tuesday, October 6th. Please name your interview slides ***firm name_RFQ-2613 Interview.pdf***. Slides will be used as backup if there are technology issues during the interview.

Presentation Focus: The panel will be well versed in the organizational structure and technical responses provided in the Statement of Qualification for this RFQ. NDOT asks that you not focus a lot of time presenting on those areas unless there have been

changes you want to highlight. Instead, NDOT suggests the interview contains information such as the following:

- Explain your approach to evaluating financial feasibility, including the viability of private investment.
- Discuss your approach to stakeholders and public engagement, including the roles and responsibilities between NDOT and the consultant.
- How will you complete the asset scan, what are the deliverables, and how will this all be translated into institutional capacity?
- Given the ten transportation assets identified in NDOT's grant application, what kinds of innovative partnerships do you envision might arise for NDOT out of an Asset Scan?
- Each firm should be prepared to answer a variety of Committee questions at the conclusion of their prepared presentation.
