The Nebraska Interstate & State Highway Construction & Detour Report does not include Waze reports, construction and maintenance projects that will take less than 30 days to complete, rough roads reports, rest area information, and traffic accidents. Call 511 or visit www.511.nebraska.gov for the most current information. [SUBSCRIBE](#) to be notified when this document is updated.

Nebraska Interstate & State Highway Construction & Detour Report
I-80 in both directions between MM 46 and Exit 55: NE-19; Sidney; West Entrance (4 to 11 miles west of Sidney). Long term road construction work. Head to head traffic. Work includes bridge widening, and guardrail replacement. There is a 12-foot width limit in effect. Anticipated completion is September 2024.
US-6 between NE-31 and North 180th Street (Omaha). Long term road construction work. A lane is closed intermittently. The project consists of reconstructing 192nd Street to a Diversion Diamond Interchange (DDI) and conducting repairs on the West Dodge Road bridge over 192nd Street. Both West Dodge Road and 192nd Street will remain open to traffic throughout the project with intermittent day and night lane closures as well as overnight ramp closures, all occurring through 2024. This project involves various activities such as removing and replacing pavement, bridge repairs, ramp work, reconstruction of curb inlets and storm sewer, installation of new ADA curb ramps and sidewalk, deployment of new traffic signals, and updating street lighting infrastructure. Anticipated completion is December 2024.
US-6 eastbound between North 24th Street and North 20th Street (Omaha). The right lane is closed due to long term road construction work. Douglas Street will have one lane closed between 14th and 15th Street. This closure is due to tower construction work. Anticipated completion February 2026.
US-30 in both directions between 30th Avenue and East 14th Avenue (Columbus). Road construction work is in progress. The right lane is closed. Eastbound and westbound traffic will be reduced to two-lane, two-way traffic configuration in the newly constructed westbound lanes on US-30. Northbound and southbound traffic will be reduced to two-lane, two-way traffic configuration in the southbound lanes of E 6th Avenue. This work is anticipated to be completed in eight weeks. In addition, on Wednesday, March 6, construction of segment two of the US-30 improvement project from just west of 26th Avenue to just east of 16th Avenue will begin. Traffic will operate in the existing eastbound lanes in a two-way, two-lane configuration while the westbound lanes are being constructed. There is an 11-foot width limit in effect. Anticipated completion is fall 2024.
US-30 both directions between County Road 8 and North Ridge Road (6 to 18 miles west of Fremont). Head to head traffic due to road construction work. Speed limit is 55 MPH.
US-34 eastbound between NE-1; Murray Road and Oak Hill Road (7 miles south of Plattsmouth). Road construction work is in progress. The right lane is closed. The roadway is reduced to one lane. Anticipated completion is November 2024.
US-34 northbound between Bay Road and Platte River Drive (1 mile south of La Platte). Bridge construction work is in progress. The right lane is closed. Construction of a pedestrian bridge along the highway bridge over the Platte River. Truck speed limit 55 MPH. Anticipated completion is May 2024.
US-34 northbound between Bay Road and East La Platte Road (TO CLOSE) (La Platte). Bridge construction work on the Platte River pedestrian is in progress. The right lane is closed. There is a 12-foot width limit in effect. Anticipated completion is August 2024.
US-73 in both directions between MM 7 and US-75 (3 to 16 miles north of Falls City). Road construction work is in progress. A lane is closed intermittently due to road construction work. Traffic will be maintained with lane restrictions, temporary traffic signals, a pilot car and flaggers. There is a 12-foot width restriction in effect. Anticipated completion is October 2024.
