NDOR District 2 – Permit Policy for Lane Closures

NDOR District 2 has established a Permit Policy to minimize Lane Closures within the Omaha area.

Applications to Occupy Right of Way that require Lane Closures will be reviewed to determine the duration and quantity of Lane Closures necessary to complete the authorized work within State Right of Way, deemed the permitted time period.

The Department has established a Lane Closure Rental of \$400.00 per day per Lane Closure for any additional Lane Closures used beyond the permitted time period for the authorized work.

Each Application to Occupy Right of Way will be reviewed to determine the amount of Lane Closure Rental Days that may be included in the Permit, as a contingency assessment. The calculated Lane Closure Rental Assessment will be included in the Performance Guarantee of the Permit and returned upon compliance with the terms of the Permit. If work extends beyond the permitted time period, the Lane Closure Rental will continue to be assessed until the lane(s) are open to traffic.

The Applicant is required to notify the Nebraska Department of Roads (NDOR) when they start and complete the Lane Closures in order to establish the Lane Closure period for the determination of Lane Closure Rental Days. If notification is not made the Lane Closure Rental Assessment will be forfeited due to non-compliance, and additional Lane Closure Rental will be assessed beginning on the day the NDOR is aware of the closure.
