APPENDIX J
NOMOGRAPHS & CHARTS FOR DESIGNING EARTH LOADS ON CONDUITS

Exhibit J.1  Load Coefficient ($C_d$) for Trench Condition .................................................. J-3
Exhibit J.2  Load Coefficient ($C_c$) for Positive Projecting Embankment Condition ........... J-4
Exhibit J.3  Load Coefficient ($C_n$) for Negative Projecting Embankment
And Induced Trench Embankment Condition ................................................................. J-5
Exhibit J.1  Load Coefficient ($C_d$) for Trench Condition
(Source: Reference 1)
Exhibit J.2  Load Coefficient ($C_c$) for Positive Projecting Embankment Condition
(Source: Reference 1)
Exhibit J.3  Load Coefficient ($C_n$) for Negative Projecting Embankment Condition and Induced Trench Embankment Condition
(Source: Reference 1)
