

**ADDENDUM ONE**  
 Questions & Answers - Round One

Date: August 30, 2024

To: All Vendors

From: Brandy Henke, Buyer  
 Nebraska Department of Transportation

RE: Questions and Answers - Round One - for Request for Proposal Number RFP R231-24, NEVI Formula Program to be opened November 4, 2024 at 2:00 p.m.

Following are the questions submitted and answers provided for the above mentioned Request for Proposal. The questions and answers are to be considered as part of the RFP.

Solicitation Section Reference	RFP Page Number	Question	Answers
		1. Does the RFP seek potential station owners or potential vendors supplying EVSE equipment?	Either the site owner, the infrastructure provider, or even a third party sponsor can be the applicant for the RFP.
Insurance Umbrella Coverage	25-26	2. I had a question regarding the Insurance section on pages 25-26 of the RFP. Will NDOT make any exceptions to the insurance requirements?	Certain insurance requirements <i>may</i> be negotiated at the time of contract award between the NDOT Legal Division and the vendor.  An exception for Umbrella insurance could potentially be made IF the coverage amount under General Liability is high enough to meet both the General Liability <i>and</i> Umbrella amounts listed in the RFP.
		3. Question is there a process or guidebook out there on how this process works? We have had some interest from different municipalities on how they would go about applying for an EV. Any guidance would be great.	The process and all requirements are described within the RFP.

This addendum will become part of the proposal and should be acknowledged with the Request for Proposal.
