

Traffic Control Inspection Instructions

1. Search for and download **ArcGIS Survey123** from your device's app store (Apple App Store or Google Play Store).

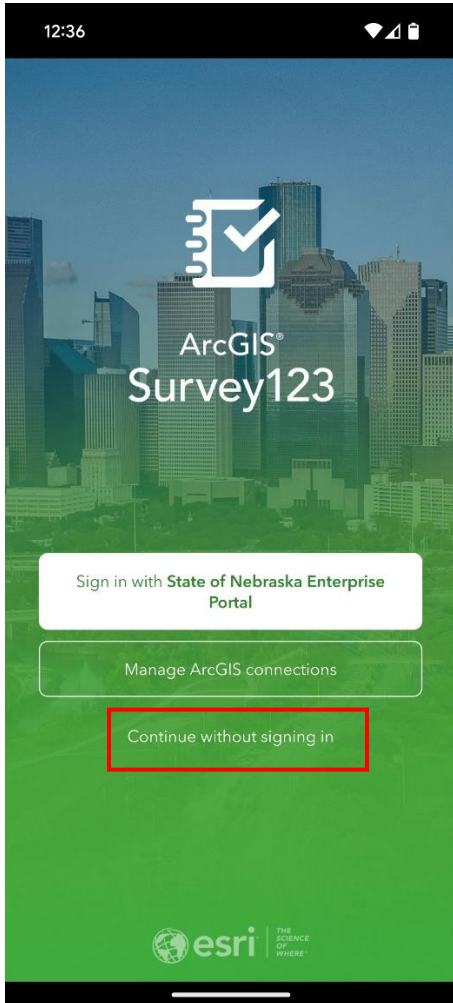

--- OR ---

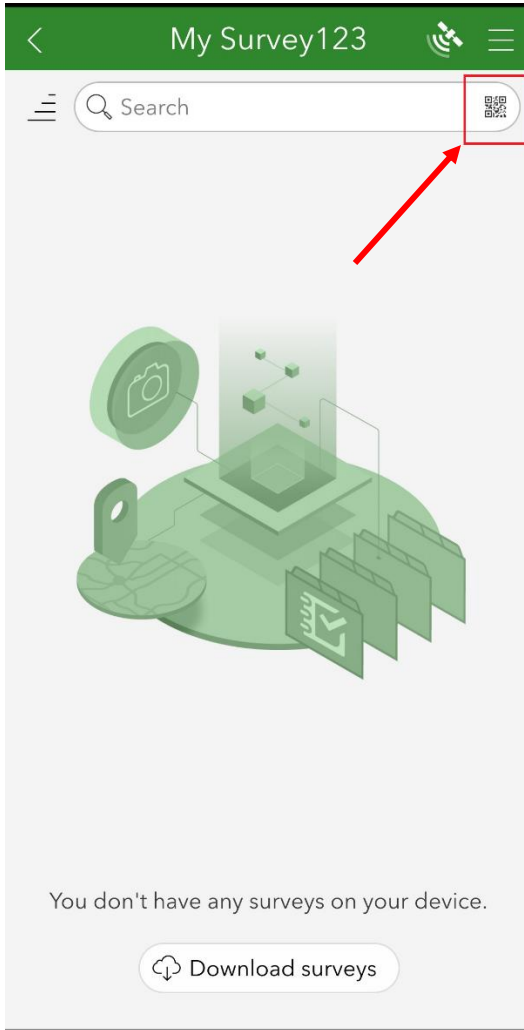

Scan the QR code in Step 3 that will take you to a webpage (shown below) with links to all app stores to download.

2. Open the app and Pick **Continue without signing in**. You will need to allow location permissions and access to your device's camera for the app to function properly for inspections.

3. Click on the QR code scanner in the app and use your device camera to scan the QR code below to download the inspection form.

4. Fill out the survey as needed, submit the survey when complete.

Note: Contract ID must be filled out accurately for the inspection report to be filed correctly.

The screenshot shows a mobile application interface for a 'Traffic Control Inspection Form'. At the top, the status bar displays the time 12:37 and various icons. The app header is green with a close button (X), the title 'Traffic Control Inspection Form', and a menu icon (three horizontal lines). Below the header is a section titled 'General Info' with a dropdown arrow. This section contains several input fields: 'Contract ID *' and 'Project Name' (two columns), 'Contractor Email 1' and 'Contractor Email 2' (two columns), 'Contractor Email 3' and 'Submitted By *' (two columns), and 'Submitter's Email' and 'Date/Time *' (two columns). The 'Date/Time' field is pre-filled with 'Thursday, August...' and '12:37 PM'. Below the form fields is a red certification statement: 'By submitting this form, I certify that I have personally inspected all traffic control devices and pavement markings on the project. Except as noted and to the best of my knowledge, they are in compliance with project requirements. *'. Underneath the statement are two radio buttons labeled 'Yes' and 'No'. Below the radio buttons is an 'Image' label and a button with camera and folder icons. At the bottom right of the form area is a checkmark icon. The bottom of the screen shows a black navigation bar.
