

ADDENDUM THREE

Date: October 30, 2024

To: All Vendors

From: Brandy Henke, Buyer
 Nebraska Department of Transportation

RE: Request for Proposal Number RFP R231-24
 NEVI Formula Program to be opened November 4, 2024 at 2:00 p.m.

Following are the questions submitted and answers provided for the above mentioned Request for Proposal. The questions and answers are to be considered as part of the RFP.

Solicitation Section Reference	RFP Page Number	Question	Answers
		1. Is the state willing to consider a partial SOW where, as an EVSE manufacturer and turnkey provider offers to service and maintain units at specific locations without taking on the match share?	For each site NDOT will only enter into a project agreement with a single entity, which will be responsible for meeting all requirements specified in the RFP. EVSE manufacturers and turnkey providers who do not wish to take on all RFP requirements should contract/partner with a company that is willing to take on the lead role for the project.

This addendum will become part of the proposal and should be acknowledged with the Request for Proposal.
