

Notice of Opportunity for a Public Hearing and Notice for Public Comment for Proposed Improvements at Farington Field; Auburn, Nebraska

The Auburn Airport Authority intends to undertake the following proposed actions at Farington Field:

- Construct a new 3-bay box hangar with ramps and taxilane.
- Remove an existing hangar.

We are providing an opportunity for a public hearing. A public hearing will only be held if someone requests one. In the event a request for a public hearing is made by the specified date, a Notice of Public Hearing will be published in this same newspaper. If a hearing is held, we will address the proposed actions potential economic, social, and environmental impacts. In addition, we will address the project's consistency with the goals and objectives of the affected area's land use or planning strategy.

Those wishing to request a public hearing on the project must make their request in writing with the letter postmarked no later than September 22, 2023, to the address listed below.

Floodplains Information [From Airports Desk Reference – Floodplains Section]

- The purpose of the proposed action is to “replace an existing hangar with a new 3-bay box hangar including ramps and taxilane.”
- The Auburn Airport Authority is seeking FAA funding or approval of an action occurring in the base floodplain or an action that would affect that floodplain
- The proposed action is located at Farington Field. The airport is located 2.75 east of the city center of Auburn on Highway 136.
- The affected floodplain's existing natural and beneficial values include providing flood storage and conveyance, reducing flood velocities, reducing flood peaks, and providing area for airport operations to benefit the traveling public.

Those wishing to provide written comments must do so to the below address with the letter postmarked no later than October 9, 2023, to the address listed below.
