

NDOT DPD BIC Account Request

Description

This document describes the process of requesting access to NDOT projects within Bentley Infrastructure Cloud (BIC).

Instructions

1. To request Bentley Infrastructure Cloud (BIC) access go to <https://dot.nebraska.gov/business-center/external-user-access-request/>.

Use this form to request access to NDOT Systems. Be sure it is filled out entirely and correctly. Please use individual company phone and email addresses. Email addresses cannot be shared with other individuals. Requestor will need to read and agree to our NDOT system use policies, which are linked at the bottom of the form. After the NDOT business area(s) review the request, accesses will be granted and information about accessing the requested NDOT systems will be sent to the email address supplied in the request.

First Name	Middle Initial
Last Name	
Company	
Company Address	
Phone	Company Email

Please select areas of access:

☐ Digital Project Delivery Model Access

2. Fill in the requested information. Check the Digital Project Delivery Model Access box, this will display the available projects. Highlight the desired projects and add any additional information that you feel is necessary to be granted access. **NOTE:** Each user **MUST** submit a request.
