Please email interview presentation slides in PDF format to NDOT.pdRFQinfo@nebraska.gov by 11:00 a.m. on Tuesday, April 16, 2024. Please name interview slides ***FirmName_RFQ-2404_Interview.pdf***.

Presentation Focus: The panel will be well versed in the organizational structure and technical responses provided in the Statement of Qualification for this RFQ. NDOT asks that you not focus a lot of time presenting on those areas unless there have been changes you want to highlight. Instead, NDOT suggests the interview contains information such as the following:

- What differentiates your firm’s project approach?
- Based on experience with similar projects, what innovative approaches might your firm apply to the identified projects?
- Beyond implementation of the required FAA construction safety and phasing plan (CSPP), what measures will your project plans include to ensure the safety of contractors and other airport users?
- Operating in a resource-constrained environment, what cost saving measures could be applied to achieve maximum benefits?
- Each firm should be prepared to answer a wide variety of Committee questions at the conclusion of their prepared presentation.
