

Guardrail - Quick Reference Guide

In accordance with contract sampling and testing requirements for Guardrail, the **sample record creator** creates a sample record using these unique parameters:

Basic Sample Data tab

Material Code: **902GR, Guardrail**

Product Name: **Guardrail**

Contract tab

Link only those contract items associated with this sample record.

Tests tab

Choose the tests to be assigned (based on material acceptance methodology)

PTF009001 – Guardrail – Field

Enter/View Test Data

Following the prompts, the **sample record creator** will complete **PTF009001, Guardrail – Field** template.

Items of particular note

- The effective date is pre-defined
- Required Documentation in OnBase checkbox (shipping reports, including Buy America certification are denoted here)
- When guardrail end treatments are indicated

These data elements are required

- Guardrail end treatment type
- Guardrail end treatment producer/supplier
- Product

A single template will correspond with a single guardrail submission. Multiple templates can be added to a single sample record.
