Please email interview presentation slides in PDF format to NDOT.pdRFQinfo@nebraska.gov by 8:00 a.m. on Thursday, October 24, 2024. Please name interview slides ***firm name_RFQ-2418 Interview.pdf***.

Presentation Focus: The panel will be well versed in the organizational structure and technical responses provided in the Statement of Qualification for this RFQ. NDOT asks that you not focus a lot of time presenting on those areas unless there have been changes you want to highlight. Instead, NDOT suggests the interview contains information such as the following:

- What do you consider the most critical actions for a spec book update? How would you describe and implement an “abbreviated” spec book review?
- Describe your methodology for meeting with SMEs, documenting and reviewing input, and finally making recommendations on necessary changes to specs.
- Elaborate on a specific example where your firm assisted in revising client specifications not associated with a project you designed. What was your firm's involvement in the rewrite and describe notable deficiencies that were improved or eliminated.
- Each firm should be prepared to answer a variety of Committee questions at the conclusion of their prepared presentation.
