Please email interview presentation slides in PDF format to NDOT.pdRFQinfo@nebraska.gov by 8:30 a.m. on Tuesday, June 10, 2025. Please name your interview slides ***firm name_RFQ-2510 Interview.pdf***.

Presentation Focus: The panel will be well versed in the organizational structure and technical responses provided in the Statement of Qualification for this RFQ. NDOT asks that you not focus a lot of time presenting on those areas unless there have been changes you want to highlight. Instead, NDOT suggests the interview contains information such as the following:

- Describe your approach to freight stakeholder involvement and how it will successfully maximize input within the timeframe allowed.
- Discuss the changing landscape and technology (electrification, AVs, AI, etc.) over the next 5 years and what affect this will have on logistics. Include changes due to the shifting of the international landscape.
- Describe Nebraska's unique freight position/issues compared to national issues. Where does our state align and where do we differ.
- Inland Ports. What should be our role in assisting ports and when should we start paying attention to them? Outline your thoughts on how to define this in an updated freight plan.
- Each firm should be prepared to answer a wide variety of Committee questions at the conclusion of their prepared presentation.
