Re: Fuel Loan Request

FUEL LOAN REQUEST

The following table summarizes the fuel loan request from the Valley County Airport Authority:

AIRPORT	SCOPE	Estimated Cost	Loan Request
ODX	Replace Card Reader	\$24,401.25	\$24,400
TOTAL REQUESTs			\$24,400

Evelyn Sharp Field currently does not have fuel available at the airport. The Authority and their consultant have explored using federal grant funds for the replacement but have determined it not to be feasible or practical to request a grant for this project. It is important for fuel to be available at the airport as soon as possible.

As indicated above, the replacement is expected to cost \$24,400. There are sufficient funds available in the program to allocate this loan. It is noted that while the Loan Program states the loan will cover 70% of the costs, recent loans have been for 100% and we support this waiver to the program. It should also be noted that the loan will cover only the replacement of the card reader and not other items necessary for the project.

Anna Lannin, P.E.
Engineering Division

Valley County Airport Authority
81385 Hwy 11
Ord Nebr. 68862

The Valley County Airport Authority would like you to consider us for a fuel loan, At the present time our card reader M3000 is out date,and is froze up they no longer work on them they went obsolete in June 2020,and we have no fuel on field.

Enclosed is an estimate from Stanley Petroleum out of Norfolk Nebr. They in stalled original M3000.

PROPOSAL
 PROPOSAL 0000000120
 PROPOSAL DATE 4/25/2023
 PROPOSED BY Bledsoe, Kendra B.

CUSTOMER:
 Ord Airport

JOB LOCATION:

Ord Ne

QUANTITY	ITEM NUMBER	DESCRIPTION	UNIT PRICE	EXTENDED PRICE
Equipment				
1.000	M4000	QT POD M4000 Self Service Fueling Terminal	\$ 16,995.000	\$ 16,995.00
1.000	PIE Omega Jr	PIE Omega Jr	\$ 1,800.000	\$ 1,800.00
1.000	PIE DBOX	PIE DBOX (for Gilbarco dispens	\$ 1,293.750	\$ 1,293.75
1.000	p2p	Wireless Point to Point Ethern	\$ 1,300.000	\$ 1,300.00
Freight				
1.000	FREIGHT	FREIGHT	\$ 712.500	\$ 712.50
Scope of Work				
1.000	INSTALLATION	INSTALLATION	\$ 2,300.000	\$ 2,300.00

50% DOWN PAYMENT REQUIRED FOR ORDERING

We are quoting to replace the existing M3000 with the new M4000.
 These options are the various ways available to connect the
 M4000 to the internet for credit card processing. I recommend hard wiring the system to the internet.

Cellular Kit - Requires an unlimited Verizon cellular plan setup by QT POD Per year

Wi-Fi Kit

Ethernet Bridge

*** Proposal does NOT Include any Electrical Contract Work that will be Required for this Install.

*** We do recommend having an electrician run a physical ethernet Cat5e of Cat6 cable to the M4000 for connection to the internet.

*** Proposal does NOT Include any Concrete Contract Work that will be Required for this Install.

THANK YOU FOR YOUR BUSINESS!
