
April 20, 2026

Statements of Qualifications are due Wednesday, April 29, 2026, 1:00 P.M.

RESPONSES TO RFQ QUESTIONS

1. Has there been any discussion on designated "future proofing" for these facilities? (EX: expansion to electric vehicle charging, etc.)
There has not been any discussion about "future proofing" these facilities.

2. What if any site elements will be included as part of the scope
 - a. Standardized picnic table covers?
Covered picnic tables will be adjacent to the building entrance
 - b. Play equipment
No play equipment
 - c. On-site energy production (solar panels, turbines)
Not being taken into consideration

3. Is the intent to maintain continuous operation of the current facilities throughout construction?
Facilities being built on a new site will allow for existing facilities to remain open until construction is complete
Facilities being built on existing site will close the existing rest area for the duration of construction
Additionally, mainline interstate reconstruction will play into whether the rest area is open or not

4. Do the tourism offices require designated restrooms or other facilities?
The tourism office is a small presence 150SF office max and they utilize the public restrooms
