FOR IMMEDIATE RELEASE

Work will begin on N-89, east and west of Beaver City

March 21, 2025 (McCook, Neb.) — Weather permitting, work is scheduled to begin March 24, from the junction of N-89 and US-283 to 3.4 miles east of Beaver City, from reference post 38.27 to reference post 45.21, according to the Nebraska Department of Transportation.

Vontz Paving, Inc., of Hastings, is the contractor for this project. Work will include bridge work, asphalt milling, asphalt overlay, guardrail replacement and pavement marking. Traffic will be maintained with a pilot car and flaggers for the majority of the project. Temporary traffic signals and a single 13-foot wide lane will be used at the bridge locations. A 12-foot width restriction will be in effect for the duration of construction. Anticipated completion is Sept. 2025.

Motorists are reminded to drive cautiously in and near work zones, to buckle up, and to put phones down.
